CHRISTIAN CHURCH DEDICATION WILL BE HELD SUNDAY

Arrange Impressive Program of Speeches and Music to Start at 2:30 o'clock

The cornerstone for the new Christian church, on the northeast corner of Colorado avenue and Louise street, will be laid tomorrow afternoon following an impressive ceremony which will commence at 2:30 o'clock and be completed when the last trowelful of mortar has been slapped into place by Rev. C. A. Cole, the pastor.

The main speech of the occasion will be made by Dr. A. C. Smithers of Los Angeles, who is chairman of the erection committee for churches of the Christian denomination in the State of California.

Addresses will be made, also, by Dr. Fred Burham of St. Louis, president of the United Christian Missionary Societies, Rev. Alden Lee Hill, pastor of the Highland Park Christian church of Los Angeles, and by Rev. C. R. Hudson of Los Angeles, state superintendent of missions.

Program Is Arranged
A dedicatory prayer will be offered by Dr. W. F. Richardson of Hollywood.

The Glendale Ministerial association will be represented by its president, Rev. C. M. Calderwood, pastor of the Congregational church.

Weather permitting, the services will be held on the exposed floor of the new church and seats will be placed there for the audience. Should it rain, the services will be held in the old church building which is being used regularly for Sunday services.

Rev. Cole expects every member of his church to be present and a number of visitors from various points about the county. Representatives of the city government have signified their intention to attend. The cornerstone itself is a block of Alaskan gray granite, three feet by a foot and ten inches by four inches in size. It is inscribed "Central Christian Church 1908-1922."

The first being the year it was founded and the second the date the church ground was broken for the new church.

What It Will Hold
A copper receptacle within the cornerstone will contain important archives of the church and the community including a history of the church, a list of its charter members, a list of present members, and copies of the local papers containing writings concerning its progress.

Floyd Mercer, chairman of the building committee, will assist in the laying of the cornerstone.

Music will be furnished by the choir accompanied by Mrs. M. G. Misser and consisting of Mrs. F. W. Pigg, Mrs. Calvin Whiting, Mrs. Ed Mercer, Mrs. C. V. Stoler, Mrs. Nell Leggett, Mrs. R. P. Jodon, Mrs. Eva Hutton, Mrs. Edgar Lloyd Smith, Harry Marple, Guy Mize, Forrest F. Cole, and Wilbur F. Strook.

There will be singing by the congregation, also.

Methodist Program to Be Told Congregation

The importance of every member of the First Methodist church attending services tomorrow was emphasized this morning by Dr. C. M. Crist, who announced that the meetings will be among the most important held by the congregation.

A report of the findings of the special convention held in Detroit recently to map out a program for Methodists in world affairs will be submitted for the approval of the local membership.

The information and recommendations contained in this report were endorsed by state convention recently held in Fresno for the purpose and attended by Dr. Crist and Arthur G. Lindley and last week by the district convention held in Pasadena.

This was attended by Dr. and Mrs. H. V. Brown, Mr. and Mrs. C. D. Lusby, Carl Seitter, W. F. Tower, Mrs. E. F. Guyer, Mrs. A. P. Torrey, Mrs. Charles Starkey, A. G. Lindley, G. E. Murphy and C. W. Ingledue.

City Manager Reeves Is Given Surprise Party

City Manager William H. Reeves was patiently awaiting his turn to speak at the Tropico Presbyterian church last night.

Two Pasadena friends rushed into the meeting and insisted that he accompany them. Arrangements were made for his speech at once and soon thereafter Mr. Reeves arrived at his home, 508 East Maple avenue.

Twenty-five members of Ensign Pagley camp, U. S. W. V., of Pasadena, accompanied by their wives, were staging a little surprise party. They filled the house from cellar to garret, but there being neither cellar or garret, the bungalow was crammed full of joyful people playing games and holding mock initiation ceremonies.

Refreshments were brought from Pasadena as they knew their comrade who had moved to Glendale would not be prepared for such a host of friends.

LIZZIE HITS HIGH SPOTS AND LOTS OF CIDER IS SPILLED ALL INSIDE HER

Glendale Union high school seniors enjoyed a class party last night.

That was to be expected for the cider was real appetizing.

The boys who went out and bought the refreshments were requested by Principal George U. Moyle to have the two kegs of apple juice diluted at the Sierra Club beverage plant.

Off they started in a Ford motor car over streets torn up for sewers. It took but one bump to blow out the bung!

A stream of cider hit the top of the car and drenched the luckless boys. All together they said:

"Gee, that smells good."

After licking up all of the loose cider, Principal Moyle happened along and it didn't take him more than a minute to decide that he had better personally attend to having the drinks diluted.

TRACK MEET ENDS; CERRITOS SCHOOL ANNEXES TITLE

Columbus Comes Second and Broadway Gets Third in Athletic Tournament

Cerritos yesterday afternoon won the city track championship for the Glendale grammar school system.

The track meet, which had been in progress three successive afternoons on the intermediate playgrounds, ended last night amid a lot of excitement.

Final records showed Cerritos to have won 80½ points; Columbus, 56½; and Broadway, 35.

Central won the girls' division of the meet with 36 points, while Pacific made 22 and Broadway 20.

Cerritos won the boys' division of the meet with 40½ points, while Columbus totaled 33½ and Broadway 26½.

The meet was considered quite a success by A. T. Blanford, director of athletics for the city school system. He called attention to the fact that none of the contestants had been permitted to enter more than two events which, therefore, made two victories by any contestant a signal honor.

The individual winners yesterday were:

Senior Girls

Potato race—Avis Young, Columbus; Lolita Parker, Cerritos; Mary Pomeroy, Cerritos; Helen Lindrum, Broadway.

Volley serve—May McTeer, Pacific; Ruth Donaldson, Broadway; Margaret Thompson, Central; Jennie Leitch, Broadway.

Senior Boys

Sixty-yard dash—Leonard Sunderlin, Cerritos; Fulton Beatty, Cerritos; Arthur Hudson, Doran; Marvin Whitman, Broadway.

High jump—Fulton Beatty, Cerritos; Brian Sawtelle, Cerritos; Russell Strother, Columbus; Frank Galbraith, Pacific.

Junior Girls

Potato race—Vera Lockwood, Pacific; Eleanor Mineff, Broadway; Clara Russell, Colorado; LaVerno Weirman, Pacific.

Fungo hit—Norma Faulkner, Broadway; Gladys Higgs, Cerritos; May Goetz, Central; Dorothy Page, Columbus.

Junior Boys

Fifty-yard dash—Dudley Wilcox, Columbus; Louis Noasbaum, Columbus; Marr Fraley, Pacific, tied with Frank Baudino, Doran.

Running broad jump—Howard Falls, Columbus; Norman Rich, Cerritos; Fulton Beatty, Cerritos; Rollin Babcock, Pacific.

The girls' relay was won for Columbus by Avis Young, Clara Roberts, Fannie Clark and Phoebe Vandewater. The team from Central lost by a few inches and third place was secured by Pacific.

The boys' relay was won for Cerritos by Brian Sawtelle, Edward Rathbone, Fulton Beatty and Leonard Sunderlin. The winners best Broadway's team by about a foot. Third place went to Pacific.

"One of the most surprising things about the meet," declared Mr. Blanford, "was the strength shown by Cerritos. Pacific, also, made a fine showing."

Farewell Dance Party at R. E. Chase Home

Dr. and Mrs. R. E. Chase of 239 North Orange street entertained with an informal, farewell dancing party at their home last night for their daughter, Miss Shirley Chase, who will attend school in Los Angeles. Those present included Miss Lucille Allen, Miss Careta Walker, Miss Evelyn Hunt, Miss Dorothy Houston, Miss Winifred Parker, Miss Katherine Stott, Miss Margaret Longley, Miss Shirley Chase, Fred Hand, Paul Van Hoorebeke, Robert Roach, Robert Frazee, Jack Wright, Allen Pollock, Thomas Woods and William Empey. At the close of the evening refreshments of chocolate and cake were served.

SAYS STREET CARS CANNOT COMPETE WITH BUSES

City Manager W. H. Reeves Gives His Views on Auto Lines Vs. Railways

Reasons why he favors the automobile bus over the street car were outlined yesterday afternoon by City Manager W. H. Reeves. "The modern auto bus is a self-contained unit," remarked Mr. Reeves. "The railroad commission of the state of California in its latest findings admits that auto bus transportation has come to stay. The service is more flexible, speedier, in general more comfortable, less costly and seems to be preferred by the public as being a more modern development of our transportation business."

"Consider its cost as compared with that of a street railway. In the first place, the electric railway has the copper trolley wire costing about 15 cents a pound, the iron span wires and guy wires, the poles, which have greatly increased in cost since the war, the ties which have gone up 300 per cent, according to Pacific Electric officials, and the expensive steel rails."

Too Expensive, Claim

"Next we have the cars themselves. Each costs from ten to twenty thousand dollars as compared with auto buses at from \$5,000 to \$8,000. Then we have the heavy copper feeders running to the power house, the enormously expensive machinery in the power house and the high cost of operation of the same."

"It is evident at a glance that such an enormously expensive system cannot hope long to compete with the lighter, cheaper and more modern auto bus system of passenger transportation. Even the Pacific Electric has admitted this and has begun the operation of bus lines as feeders on various points on its system. It is reputed, also, to have purchased a controlling interest in a number of existing interurban bus lines."

State Board Aids P. E.

"The State Railroad commission seems to have very kindly come to the aid of the Pacific Electric in this respect by furnishing to it without expense a very complete and detailed report on the operation of existing bus lines in the state of California, together with information as to how to evade the payment of the state franchise tax by running these bus lines under an assumed name and thus in effect depriving the state of revenue which it would otherwise obtain from this corporation."

"It may seem odd to the ordinary citizen that this railroad commission, paid by the people, would go to such length in order to favor a corporation against whose excessive rate charges they are supposed to be protecting the public."

Senior Class Party Is Declared Big Success

The members of the senior class of the Glendale high school, under the leadership of their president, Don Cameron, last night staged one of the most successful class parties in the history of the institution when more than 125 merry-makers gathered in the new girls' gymnasium in the first of many scheduled social functions which will be held between now and June.

The novel affair, which was planned by members of the class, consisted of a regular "kid party," all of the guests being garbed as first graders, the girls appearing with short dresses, bright colored hair ribbons, artificial freckles, etc., and the boys "dolled up" as only boys can do, with their overalls, loud combinations and unkempt appearances closely resembling Mark Twain's description of Huckleberry Finn.

The first part of the evening was enjoyed by playing games of drop the handkerchief, steps, statues, hide-and-seek and other similar pastimes of bygone days, after which all of the guests assembled for "a day in school." Don Cameron, who cleverly interpreted the part of the stern old-fashioned school master, had his troubles trying to show his pupils off before the visiting trustees, whose parts were ably taken by George Jordan and Richard Pomeroy. The entire day's program was carried out in flawless style by youthful actors.

Refreshments consisted of all-day suckers, punch and animal crackers, which was in strict keeping with the nature of the occasion. While being served the guests were entertained by several selections by a hurriedly selected jazz band composed of Alberta Bowling, pianist; Genevieve Mulligan and Herbert Bruck, violinists; and Walter Sullivan, drummer.

The patrons and patronesses to the party were Principal George U. Moyle, Mr. and Mrs. H. W. Yarik, Mr. and Mrs. Paul Webb, Mr. and Mrs. N. C. Hayhurst, Miss Margaret Lauderdale, Miss E. Maude Soper and Miss Knight.

MRS. M. E. BLYTH HOSTESS

Mrs. M. E. Blyth of 126 East Garfield avenue entertained as her dinner guest Thursday Mrs. D. F. Welsh of Newton, Kan., who is spending the winter with her daughter, Mrs. Albert Hagen of West Windsor road.

GERTRUDE ROSS IN RECITAL PLEASES CLUB MEMBERS

Artist Gives Number of Her Own Composition; Surprise Program February 17

A large and appreciative audience of members and guests of the Glendale Music club filled the high school auditorium last night to hear Gertrude Ross in a recital of her own compositions, assisted by Annis Stocton Howell, soprano. The first program ever given before the members of the club was by Gertrude Ross, who at once found a place for herself in the hearts of the music lovers of this organization. Miss Howell proved to be the possessor of a sweet soprano voice, which, with her ease of rendition, clear enunciation and unaffected manner, was quite charming.

Proceeding the program Mrs. Mat-tison B. Jones, president of the club, introduced Mrs. Emma M. Bartlett, chairman of the committee on public school music for the state, federation, who spoke briefly on the campaign for phonograph records for use in the rural schools and also the importance of musical appreciation among the school children.

Mrs. William E. Mabey, chairman of church music in the state federation, was next introduced and also spoke briefly on the value of music in the church and told of the federation of choirs in various cities.

Plans Surprise Concert

Mrs. Jones, in speaking of the first anniversary of the club, which will be celebrated with a surprise concert February 17, thanked the entire community for the co-operation which has been given and also thanked the members of the club for their interest and loyalty. The membership of the club at present is as follows: Glendale Music club (senior) 609. (Continued on Page 14.)

R. E. Lamb Tells of San Joaquin Snowfall

R. E. Lamb, who is connected with Morley Trunk company sales organization and resides at 1214 South Brand boulevard, returned home yesterday from a trip to the San Joaquin valley. At Stockton he obtained a choice collection of photographs of the snow, the results the worst storm in forty-five years, it was said.

The ground was completely covered in the central part of the state by the white blanket, something very unusual and the trees were broken down under the weight. Youngsters had a wonderful time snowballing while motorists had the time of their lives trying to navigate the slush in the streets.

Mr. Lamb spoke before the Lions club of Stockton on Tuesday. He returned south highly elated over the business prospects for next year.

Intermediate C. E. Holds Large Banquet

About fifty members of the Intermediate Christian Endeavor Society of the Presbyterian church joined in a banquet in the church parlors last night.

Decorations of purple and gold, the society colors, with the tables forming a "C-E" and an elaborate dinner prepared under the direction of Miss Mildred Thompson, featured the enjoyment of the evening.

Miss Mildred Elliott, toastmistress, called upon each member of the club to give a toast to one of the letters in the word "Intermediate." The theme of their discussion was "Christ Exalted."

Following the banquet, a regular monthly business meeting was held, succeeded by a social good time.

New Home for Legion Is Under Discussion

Members of the executive committee of Glendale Post No. 127, American Legion, will meet next Thursday night and formulate final plans for the building of a new home, it was stated at last night's session of the former service men.

A rising vote of thanks was given National Commander MacNider for remaining head of the Legion rather than accepting a senatorship.

An inaugural ball is planned by the local post for the last of the month.

MRS. O. O. CLARK HOSTESS

Mrs. O. O. Clark of 346 North Louise street was hostess yesterday to the members of Chapter BA, P. E. O., of which Mrs. Madeline Kelly is president.

MRS. A. LOW ENTERTAINS

Mrs. Alvin Low of Doran and Columbus avenue was hostess yesterday afternoon to the members of the West Glendale Study club.

PERMIT TO MOVE HOUSE

W. E. Mercer has secured a permit to move a four-room residence Colorado avenue.

Today's World News In Brief

(By International News Service to Glendale Evening News)

HENRY FORD BUYS LINCOLN MOTORS FOR \$8,000,000
DETROIT, Feb. 4.—Henry Ford today purchased the properties of the Lincoln Motors company for \$8,000,000 at a receiver's sale. Two other bidders refused to go over this mark.

GOVERNOR SMALL WILL GO ON TRIAL ON MARCH 6
WAKEFELD, Ill., Feb. 4.—Governor Len Small of Illinois, will go to trial in circuit court here on March 6 on charges of conspiracy to embezzle \$835,000 state funds. Date of the trial was fixed by Judge Edwards today.

BOARD OF REFERENCE IS NOW PROPOSED FOR CHINA
WASHINGTON, Feb. 4.—Along with the adoption of the two Chinese treaties by the world powers here today, the conference formally agreed to the setting up in China of an international board of reference to which disputed points between the powers can be referred.

JAPANESE HOMELAND TAKEN FROM PACT PROVISIONS
WASHINGTON, Feb. 4.—In order to meet the objections raised by the United States senate, the armament conference today adopted a supplement to the four-powered Pacific treaty which definitely removes the Japanese homeland from the provisions of that pact. The supplementary treaty was presented to the conference by Senator Lodge, majority leader of the senate, who presented the original pact some weeks ago.

POWERS AGREE TO FINANCIAL TREATY FOR CHINA
WASHINGTON, Feb. 4.—The nine powers represented in the Washington conference today gave their formal approval to a treaty designed to increase the customs revenues of China to a point which will permit her to get back on a sound financial footing. The treaty was presented by Senator Oscar Underwood, minority leader of the senate and member of the American delegation, who addressed the conference in plenary session for the first time.

GIVES WARNING STRIKE WOULD BE FATAL TO GERMANY

BERLIN, Feb. 4.—Suddenly changing front, German trade union leaders who had been advocating a general strike in support of the striking rail men, entered into conciliatory negotiations with the government today. Chancellor Wirth issued a proclamation warning that a general strike would certainly be disastrous to Germany and perhaps to the Genoa economic conference. He summoned all strikers to return to work at once, pledging that the government will treat with the workers and give their demands due consideration.

THIRD TRIAL OF ARBUCKLE TO BE SET NEXT MONDAY

SAN FRANCISCO, Feb. 4.—The future plans for Roscoe "Fatty" Arbuckle hinge today upon the date for his third trial, which will be set next Monday by Judge Harold Louderback, who heard the two previous trials. "There are reasons why I want to go back to Los Angeles before the next trial," said the rotund comedian, but if an immediate date is set I'll stay here. The fact that the jury stood 10 to 2 for conviction and District Attorney Brady's declaration that he will try me again makes me more determined for a third trial. Through the channel of another hearing I can prove my innocence and I'm ready to stand the trial again tomorrow."

ARREST IN W. D. TAYLOR MURDER IS PREDICTED SOON

LOS ANGELES, Feb. 4.—An early solution of the mysterious murder of William D. Taylor, famous motion picture director, shot down in his fashionable bungalow home here Wednesday evening while he sat at a desk with a check book before him, was promised today. Captain of Detectives David L. Adams announced to the International News Service: "The meshes of the net spread by the police department are slowly closing on a man whom we strongly suspect of having been responsible for Taylor's murder. I expect an arrest will be made within twenty-four hours which will go a long way toward clearing up the case. The probable motive of this individual, so far as my investigators have been able to determine, was solely that of revenge. Whether the activities of the man were guided by a woman, or women, will have to be determined later." In connection with the hunt for the murderer, one or two of the staff of detectives on the case continued their probe into the life of Taylor, whose real name, it was asserted today, was William Deane-Tanner, under which name he was said to have managed a Fifth avenue, New York, art and antique furniture establishment until 1908, when he suddenly disappeared, leaving his accounts in perfect shape. He was said to have been married under the name of Tanner to Miss Ethel May Harrison, a member of the original Floradora company, by whom he had one child, a daughter, now attending a fashionable school at Mamoroneck, N. Y. In connection with this revelation, many of the director's Los Angeles friends believed Taylor did not change his name in an effort to conceal anything; rather, it was said, he apparently had dropped the name along with his old life, which he was reported to have described as having been unhappy. Vigorous efforts were made by detectives to gather more data regarding Taylor's relations with two film actresses, whose names were mentioned often by investigators in connection with the case. One of the actresses is a woman of national reputation as a screen player. Following the receipt of reports that Edward F. Sands, Taylor's former valet, had been seen in Los Angeles Tuesday afternoon, redoubled efforts to locate the man were made today.

SQUARE DEAL FOR CHINA, PLEDGE OF GREAT POWERS

WASHINGTON, Feb. 4.—The great powers of the world today pledged themselves to deal fairly with China. The pledge was contained in a nine-powered treaty presented to the sixth plenary session of the arms conference by Secretary of State Hughes and adopted within five minutes after the session got under way this morning. China herself is a party to the agreement, and upon her own part she pledges herself not to grant preferential rights to any nation and to do her utmost to see that all nations have equal economic opportunities within her far-flung borders. The treaty itself was composed of nine sections, following a preamble, which stated that its purpose was to stabilize conditions in the far east, and (Continued on page 4)

HI-Y CLUB BANQUET AND SOCIAL TIME HONORS PARENTS

'Dad' and 'Mother' Guests at Baptist Church Where Big Event Held by Boys

"The days of real sport" were brought back to "Dad" and "Mother" last night at the Baptist church when their sons, members of the Baptist church group of the Hi-Y club of the Y. M. C. A., entertained them at a banquet and evening of "boisterous" games.

"Sir Dignity" awaited at their respective homes, while the spirit of youth reigned supreme, brought on by the spirit and abundant enthusiasm of eleven youths.

The festivities of the evening were opened with a solemn prayer by John Judd. An elaborate dinner, prepared by Mrs. P. L. Hatch, Mrs. E. E. Ford, Mrs. A. Van Wormer, Mrs. O. L. Howard and Miss Dorothy Howard, of hot roast beef, mashed potatoes, brown gravy, hot rolls, fruit salad, pumpkin pie and coffee was served by the boys to their guests.

Parents Introduced

Robert Frazee, president of the group, acting as master of ceremonies, opened the evening entertainment by calling upon each member of the club to introduce his guest or guests. Proudly, yet modestly, each boy introduced his parent.

Bob Hatch welcomed the guests with a short talk, saying, "We are proud to have you with us this evening and hope that we will be able to extend this invitation again. We invite any of you to come and attend our meetings each week, where you can see the improvement it is making in us."

J. H. Taylor of Eagle Rock responded to the speech of welcome by expressing the sentiment of every parent at the table in saying:

"I believe it is the wish of all of us that you won't have good times too often without inviting the folks. It is inspiring to be here with you as one of you."

Violin Solo Enjoyed

Thomas Wood, Jr., son of Mr. and Mrs. Thomas Wood, 451 Myrtle street, entertained with a violin solo. Though only 15 years of age, the youth handled his instrument with the exactness of a professional, showing rare ability. This was his first appearance before a divided audience in public.

County Y. M. C. A. Secretary Rex Kelley explained the aims and standards of the Hi-Y club, saying:

"There are five groups, which makes about eighty-five members of the Hi-Y in Glendale. The Hi-Y is the high school boys of the Y. M. C. A. They are organized under the leadership of such men as Mr. Hatch, whose service you should be proud of, meeting one night each week. The groups are limited to fifteen members, giving the leaders more opportunity to give each individual more detailed attention. They have as their motto, 'Clean Speech, Clean Athletics, Clean Scholarship and Clean Living.'"

Solve Their Problems

"They meet with all seriousness, they discuss the problems of their everyday life, they discuss their troubles and pleasures. They discuss the issues confronting them in their high school careers and they solve them by referring to the Bible. They study the manner in which similar questions are solved in Biblical times."

"Their training is unlimited. It is the ambition of your sons to be in physical and mental training at all times. They study with this object in view."

The Rev. E. E. Ford speaking on "Why I Back the Hi-Y Boys," said:

"I am sorry for the man who grows old, he is to be pitied. In losing his youth, he has lost his interest, his enthusiasm and his ability to attain further success. Men are made out of boys, the individuality of the youth is retained, it is his personality and character in manhood." (Continued on Page 3.)

Spanish War Veterans Will Organize Here

Plans for the organization of a camp of United Spanish War Veterans here is well under way, a committee composed of W. B. Kelly, Dr. William C. Mabry, William R. Phelon, William H. Reeves and Cameron D. Thom having sent out invitations to more than eighty well known Spanish-American war veterans inviting them to attend a meeting Wednesday evening February 8 at 7:30 o'clock in the city council chamber.

"Oh, yes! Each one is asked to bring another 'buddie' of the last century war. Some hot times for the old troopers are promised."

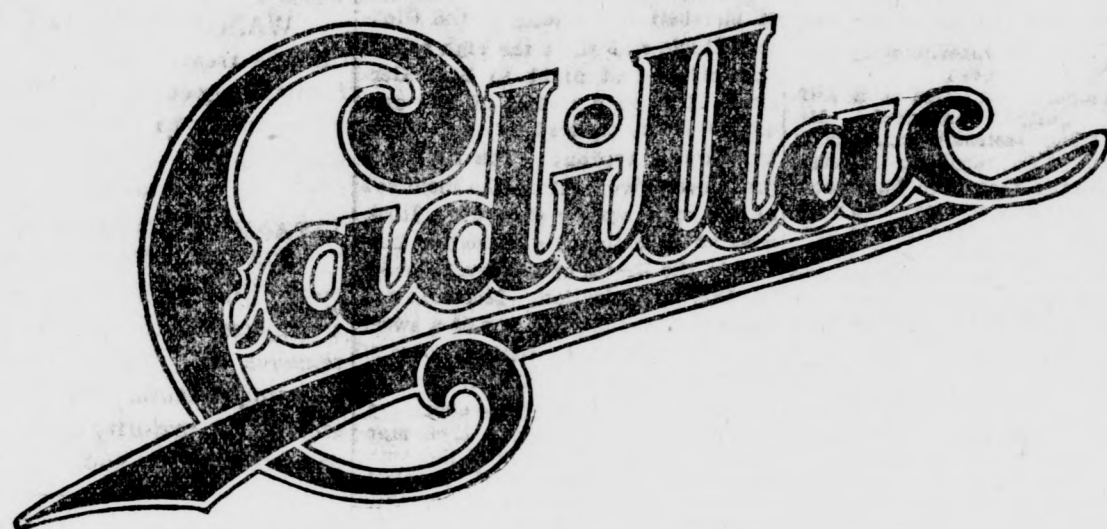

GETS HIS BICYCLE BACK

"Eddie" Tobin's wheel, which was borrowed late yesterday afternoon, was recovered by the police early this morning. He is a son of J. K. Tobin of 361 West Myrtle street.

TOTAL PERMITS \$590,105

More than \$78,000 worth of building permits have been issued at the city hall during the past three and one-half days. The total permits for 1922 now amount to \$590,105.

Mexican sombreros of the best quality are so costly that it would take a year's wages of a workman to buy one.

More than 25,000,000 tons of patent fuel are made in Germany annually, against less than 2,000,000 tons in Great Britain.

Difficulty is experienced in procuring suitable horses for artillery, so experiments are being made with motor-tractors.

Bus Line Is Already Operating Into L. A., Says William Tanner

There is nothing particularly new in the idea of a bus line between Glendale and Los Angeles, according to William A. Tanner of Tanner & Hall, Ltd., 237 South Brand boulevard.

"One of these lines has been in operation for some time," declared Mr. Tanner. "It has quite a number of units and I have observed that a great many of them are Buicks. They leave this city between 6 and 8 in the morning and return between 5 and 6 at night."

"Instead of buying stock in a bus company, I think it is a whole lot more sensible to buy a Buick and operate your own bus. There is one thing sure. When you own your own car, you never have to wait for any motorman. Your bus travels on a schedule of your own convenience."

Ford Prices Reach Bottom, Is View of Edward S. Lawrence

"The last reduction in Ford pleasure cars is strong evidence that our previous prices were close to rock bottom," asserted Edward S. Lawrence, assistant manager of the local Ford agency, yesterday afternoon. "The fact that the reduction was small has done much to reassure purchasers, who have delayed securing a car through fear that Ford prices had not reached bottom."

"Our prices are now at the lowest point in the history of the Ford Motor company. It is interesting to look back a few years and note the prices that were formerly in effect. In 1912 the Model T touring car sold for \$780 F. O. B. Detroit. Today, the standard touring car is only \$348. The 1922 models also embody a number of improvements to increase comfort and economy."

New Exide Battery Designed for Heavy Duty Now on Sale

There is a new Exide battery on the market especially designed for heavy duty, according to H. M. Parker of the Autoelectric Service Station, 113 West Harvard street.

"This battery is especially designed for cars that get a great deal of use, such as automobiles driven by doctors and those who are on the go continually," declared Mr. Parker. "It is intended for cars which are started and stopped frequently and are hard to crank."

"The manufacturers claim that this is the most rugged battery on the market and from my experience with Exide batteries I don't doubt but that this is the truth."

Fog has been classified into eight varieties, ranging from "very dense" to "slight mist" by the British Air Ministry.

Fashions today are more becoming and make the woman of thirty look younger than she did ten years ago.

Always the world admits a man's success, though sometimes it may not do it until many years after his death.

Locals and Personals

Mrs. R. E. Olin of 400 North Isabel street has been ill at her home for several days with a severe cold.

Mrs. H. C. Levey and daughter, Dorothy of 811 South Glendale avenue attended the Pavlowa performance in Los Angeles Thursday.

Charles Grist of 116 South Kenwood street left last week on a several weeks' business trip to Cincinnati.

Mr. and Mrs. G. J. Lyons of 359 Riverdale drive were dinner guests last night of Mr. and Mrs. O. Anderson of 360 West Myrtle street.

The members of the R. T. W. class of the First Baptist church will meet Tuesday afternoon, February 7, at 2:30 o'clock at the home of Mrs. M. L. Russell, 336 Riverdale drive.

Alex McDougall of 128 West Elk avenue, High School freshman, has been absent from school for several days with a severe attack of sciatic rheumatism.

Mr. and Mrs. L. D. Torrey of 223 East Maple avenue, motored to Huntington Beach on a business trip. Friday of this week, returning the same day.

Mrs. E. A. Jacobson of 220 South Central avenue has as her houseguest her sister, Miss Pearl Weber, who arrived Wednesday from San Francisco.

Mrs. T. J. Morgan of 1142 Campbell street is recovering from an attack of la grippe which has confined her indoors for several days. She hopes to be able to go outdoors again in a day or two.

Mr. and Mrs. H. Arthur Kresling and daughter, Hope, of 706 East Elk avenue, were the guests on Friday night at a party at the home of Dr. and Mrs. Horace A. Bashor of Los Angeles.

John B. Morleau of Glendale, who is county horticultural inspector, states that there will be a meeting at the Wright and Johnson's place on School street, La Canada, February 6, for the purpose of discussing "Rodents Control."

Mr. and Mrs. Thomas Wood of 457 West Myrtle street accompanied by their son, Thomas Wood, Jr., and Leslie Hatch were one of the numerous parties that motored to La Crescenta early in the week to enjoy snowballing.

Mrs. C. F. MacIntyre of Indiana, who is spending the winter as the houseguest of her sister, Mrs. F. B. Gonzales of 412 North Louise street, motored to San Francisco with friends and will remain in that city for a few days.

Carpenters began temporary repairs on the W. W. McElroy building, South Brand boulevard, this morning in preparation for complete remodeling of the building which will begin as soon as definite plans of the new design have been completed.

The members of group 2 of the Glendale Hi-Y society, accompanied by their leader and his wife, Mr. and Mrs. G. Edwin Murphy, left at 5 o'clock this morning via automobile for Old Baldy, where they expect to spend the day in the snow. The party will return to Glendale tonight.

Mrs. George Moore of 221 West Elk avenue was hostess at a luncheon party at her home Wednesday. The guests included Mrs. Robert M. Allen of Los Angeles, Mrs. William Hunter, Mrs. William Peterson, Mrs. Charles Warden and Mrs. W. A. Warden of Pasadena and the hostess, Mrs. George Moore.

Mrs. J. L. Davey, of Wolfe Point, Montana, arrived in Glendale Thursday to visit with her sister, Mr. and Mrs. F. S. Teeters, 351 West Hawthorne street. Mrs. Davey was aboard the "Montana Special," carrying more than 700 Montanans to California. She expects to remain in Glendale visiting with friends several months.

Mrs. F. W. Harper and children, Talbot and Hope, of 508 Fairmont street are guests this afternoon at a party given in celebration of the fifth birthday anniversary of Master Eugene Frambach of the Ansonia apartments, Los Angeles. The celebration includes a luncheon at a Los Angeles tea room and games at Westlake Park.

Dr. and Mrs. H. R. Boyer of 232 North Orange street entertained with a dinner-dance at Hollywood Hotel Thursday night in honor of Mr. and Mrs. W. E. Evans, who leave next week for New York City. Those present included Dr. Emil Tholen, Miss Lucille Tholen, Mr. and Mrs. Albert Pierce, Mr. and Mrs. Harry Lockwood, Mr. and Mrs. Charles Fourl, Mr. and Mrs. Jesse Joseph, Mr. and Mrs. L. G. Sherman, Mr. and Mrs. W. E. Evans and Dr. and Mrs. H. R. Boyer.

The regular meeting of the Magnolia street Parent-Teacher association, of which Mrs. F. H. Spear is president, held an interesting session at the school yesterday afternoon at which time an address was given by Mrs. William Hohnholtz on "Child Study." The association accepted an invitation from Mrs. John Robert White, federation president, to meet at her home February 17. Arrangements were also made regarding a food sale to be held February 18 at Park avenue and Brand boulevard.

A very pleasing program was presented at the assembly that was held at the Intermediate school Friday afternoon in honor of the members of the graduating class. Music numbers were given by the girls' glee club and also by the girls of the graduating class. These girls have been very busy raising a sum of money by means of candy sales, and today the full amount \$57 was presented to Miss Noble, principal, by Bonnie Jean Lockwood, with a very pretty presentation speech, on behalf of the winter class, with the request that the money be used as the nucleus of a fund with which to install bleachers on the athletic field.

HI-Y CLUB BANQUET AND SOCIAL TIME HONORS PARENTS OF FIRST ROUND ON ELK ALLEYS

'Dad' and 'Mother' Guests at
Baptist Church Where Big
Event Held by Boys

(Continued From Page 1)
The Rev. Ford paid high tribute to P. L. Hatch, their leader, and to Rex Kelley, the county Y. M. C. A. secretary, saying:

Offers His Services
"I congratulate you fathers and mothers on the interest these men have taken in your sons. These boys are emblems of clean living, truthfulness and cleanliness and you can count on me for anything I've got when it is for the interest of the boy labeled Hi-Y."

P. L. Hatch, general manager of the Glendale-Montrose railway, in telling the parents of the boys about the work and why he was acting as a leader, said:

"I got into this work by accident and stayed in by desire. It may seem exaggerated to say that I am better acquainted and more intimate with your boy than any of you fathers, but I do know them better. I know my own sons better—a feeling of companionship has arisen between us that cannot be valued with any wealth. It is a pleasure to lead these ambitious boys in their endeavors and to be considered one of them."

Sincerity Is Shown
So that the parents might know something about the nature of their meetings, a short lesson was held. Forming a circle around their leader, with arms clasped around each others' shoulders and heads bowed, the eleven boys individually gave thanks to God, and in unison, reverently recited the Lord's prayer. Openly, many a parent showed how deeply they were touched by the sincerity so plainly shown. Following the prayer the boys discussed the lesson of "team-work" frequently referring to passages of the Bible.

Following the lesson, parents and sons joined in popular indoor games. Gaity reigned supreme as old and young hotly contested for the honors of the evening.

The following enjoyed the hospitality of the group:

Mr. and Mrs. P. L. Hatch, Bob and Leslie Hatch, Mrs. J. F. Judd, guest of her son John, Mr. and Mrs. H. E. Gray, Mr. and Mrs. A. F. Pickles, guests of Lester Gray; Mr. and Mrs. S. R. Frazee, guest of Robert Frazee; Mr. and Mrs. Thomas Wood, guest of Thomas Wood, Jr.; Mrs. A. E. A. Shinner, guest of William Shinner; Paul F. Gregg, guest of Douglas Gregg; Mr. and Mrs. Wm. E. McCormick, guests of Arlin McCormick; Mrs. Terry, grandmother and guest of Harwin Mann; Mr. and Mrs. J. H. Taylor, guests of Boyd Taylor; the Rev. and Mrs. E. F. Ford and Mr. and Mrs. O. L. Howard, guests of honor; and Rex Kelley, county secretary of the Y. M. C. A., who led the assemblage in games during the evening.

Locals and Personals

Mr. and Mrs. T. M. Morgan of Los Angeles were in Glendale yesterday visiting with friends and relatives.

Earl Van Dyke of 406 West Lexington drive is confined to his home with pneumonia.

J. E. Mills and family of Los Angeles were visitors last night at the home of Mr. and Mrs. R. E. Wolcott, 444 West Ivy street.

The officers of the Lester Myer chapter of the War Mothers of America held an executive committee meeting last night at the home of Mrs. Samuel Dick of 309 North Louise street.

Charles Grist, investigator at the district attorney's office of Los Angeles left early this week for Cincinnati, Ohio on official business, according to Mrs. Grist, 116 South Kenwood street. Mr. Grist will visit several days with relatives and friends at Nashville, Tenn., before returning to Glendale. It is expected he will be absent from the city about two weeks.

Mrs. Lester Jones was hostess at luncheon and cards yesterday to the members of the Auction Science club at the home of Mrs. A. K. Crawford, 301 North Cedar street. Those present included Mesdames McPherson, Meddick, H. Powers, Jr., G. Blue, E. E. East, Helser, and Hillyard of Los Angeles, and the hostess. Prize for high score was awarded to Mrs. Meddick.

PATROLMAN IS MURDERED

BOSTON, Mass., Feb. 4.—Patrolman MacShane was shot to death here in one of the most spectacular gun battles the city has ever witnessed. More than 200 shots were exchanged in a prolonged battle between Ramsey Murray, 61-year-old negro, who barricaded himself in a private house in the south end and nearly fifty policemen who finally disarmed and arrested him.

MacShane was shot down as he was vaulting through a window in an attempt to enter the house. Ramsey was called when it was discovered how desperate was the colored man. Riot guns were brought out for the first time in the history of the city. Fire apparatus was also called out, but the negro was dislodged before the firemen carried out their intention of "drowning out" Murray.

Three Teams Head List After
Opening Games Are Rolled
in Bowling Tourney

The first round of play in the Class A bowling activities of the local Elks' scratch league, which took place last night on the club alleys, resulted in a triple tie for the leadership with three teams heading the list with two games won and none lost. The trio of winners were the Gilhulys, the Affels and the Fortunatos, their victime being the Grenfells, Wards and the Clarks.

In the total number of pins made by the squads the Fortunatos set the pace with the excellent record of 1604. The leaders were followed successively by the Affels, the Grenfells, the Wards, the Gilhulys and the Clarks. The record of the latter aggregation was 1371 pins.

Scores Are Varied
The evening's program, which was witnessed by a number of ardent bowling followers, was spectacular from start to finish, several games being decided by the narrow margin of less than ten points. The scores, averaging in the neighborhood of the 175 mark, were extremely varied, the high individual game being rolled by Gilhuly for a 246 score and the lowest by Clark for 94.

In the team totals for games the Fortunatos established the almost unbeatable mark of 608, which is an average of more than 200 pins per man. Their scores were Huesman, 190; Stone, 198; Fortunato, 220. The low team game was registered by the Gilhulys with a mark of 391.

At their present pace the various teams promise to make some phenomenal records before the ten weeks' schedule is completed. Gilhuly's mark of 246 will be the goal of each of the other seventeen contestants and it is expected that a score of 260 or more will be registered before the season is over. Besides the prize offered for the high individual game a series of team prizes have been announced for the squads finishing one-two-three in the percentage columns.

The schedule of the "major leagues" was drawn up similarly to that of Class B, with each team "doped" to face each of their rivals on two separate occasions. Friday night has been selected as the regular bowling night, three matches to be played weekly.

Standings of Teams

Following is the standing of the teams after their first round of play:

Team	Won	Lost	Pct.
Gilhulys	2	1	.667
Affels	2	1	.667
Fortunatos	2	1	.667
Grenfells	1	2	.333
Wards	1	2	.333
Clarks	1	2	.333

Their standings, according to the number of pins made, are as follows:

Team	1	2	3	Total
Fortunatos	488	508	608	1604
Affels	488	574	483	1545
Grenfells	459	470	516	1445
Wards	500	464	479	1443
Gilhulys	468	391	558	1417
Clarks	532	396	443	1371

Deaths and Funerals

FRANK W. H. DOW
Funeral services for Frank W. H. Dow of 1223 East Lexington Drive, who passed away suddenly Thursday afternoon, will be held at 2 o'clock Monday afternoon, February 6, 1922, in the chapel of the Grand View cemetery.

Knights of Pythias will have charge of the services at the grave. Mr. Dow was a charter member of this lodge. Members will meet at the chapel at 2 p. m. Arrangements have been made for an auto to pick up members at the Pacific Electric station at 1:50.

Christian Science services will be held in the chapel.

Flowers may be sent to the funeral parlors of Pulliam & Kiefer. The Sierra Club Beverage plant, 602 East Wilson avenue, will be closed all day Monday in order that all of Mr. Dow's fellow workers may attend the funeral.

Births

A. L. Ferguson is now assistant principal at his home, 525 North Jackson street, as well as assistant principal at Glendale Union high school. There is a new principal in his family now. It is a girl. She arrived this morning, Saturday, February 4, 1922, at the Glendale Sanitarium and Hospital.

Mrs. Mable Evans of 349 Concord street is the mother of a boy, born this morning Saturday, February 4, 1922, at the Glendale Sanitarium and Hospital.

CRITICISM GIVEN FRANCE

WASHINGTON, D. C., Feb. 4.—If the United States participates in the Genoa economic conference, representatives of this government would be instructed to make a demand for the discussion of all massachusetts of the Greeks and Armenians by Kemal Turks under the terms of a resolution introduced in the Senate by Senator King, Democrat, of Utah.

King bitterly criticized France for having made separate treaty with Kemal Turks and for having withdrawn the French troops from Asia Minor. This evacuation, King said, had resulted in the wholesale slaughter of the entire Christian population by the Kemalists.

Among human beings alone are the feminine sex the more brightly dressed; among all animals the female element is the more sober in appearance.

Soft foods, especially puddings are blamed by an eminent physician for the great number of adenoid cases in this country.

The death rate in London for 1920 was 12.6 per thousand, which is the lowest ever registered. In New York it was 12.93, also a record.

On one day in the year among the Hindus gambling is considered not only allowable but commendable. It is called "devail."

FOREST LAWN MEMORIAL PARK

"Among the Hills"

Forest Lawn has all the appearance of a beautiful estate—with its "Little Church of the Flowers," beautiful grounds, secluded walks, flowers, and a richness of verdure, where peace and quiet make for restful seclusion from the activities of life.

This restful seclusion is guaranteed for years to come through the natural barrier of the everlasting hills which stand as sentinels protecting this beautiful burial park from invasion by the outside world. Forest Lawn permits of Earth Burial, Mausoleum, Crypt, Cremation, Columbarium Niche, or Private Vault—all under one management.

insure the maintenance of equal opportunity for all nations in China (open door). Briefly summarized, the treaty follows: The powers pledge themselves to respect the territorial, administrative and political integrity of China and to do their utmost to maintain the "open door"; The powers pledge themselves not to enter into any agreements with each other which would prevent their carrying out these pledges; The powers agree not to support their nationals in attempting to secure any preferential treatment from China herself; The powers pledge themselves not to support their nationals in any attempts to secure "spheres of influence"; China on her part pledges that she will not permit preferential treatment to any nation in the use of Chinese railways; The powers agree to respect Chinese neutrality in time of war; the powers to consult each other on any disputes which may arise in the interpretation of the principles involved in this treaty; The whole world will be invited to adhere to the principles of this treaty in their dealings with China; The treaty shall be ratified by the constitutional agencies of the signatory powers (in the case of the United States it is the senate).

THIRD BALLOT TAKEN FAILS TO ELECT NEW POPE

ROME, Feb. 4.—The third ballot for a new pope to succeed the late Benedict XV was taken by the conclave of cardinals in the vatican this morning without any candidate receiving the two-thirds majority necessary to elect. For the third time since Friday morning, black smoke, the signal of no election, issued from the Sistine chapel chimney. A small smoke cloud puffed from the chimney at 11:35 o'clock announcing to the assembled watchers that the papal electors had not yet agreed upon a new occupant for the chair of St. Peter's. Great crowds filled the roofs and windows of the buildings flanking St. Peter's square awaiting the signal. It was generally believed that the deadlock, which was known to exist in the sacred college, might not be broken until Sunday or Monday.

Program at Columbus
School Is Big Event

The first "fathers' night" entertainment held at the Columbus avenue school last night by the parent-teacher association, of which Mrs. C. H. Thompson is president, proved to be a great success and was largely attended. In order that the fathers might see what the work of the association consists of the program included a short business session, with the singing of "America" and the salute to the flag. The program proper was given by the children of the school and included the following numbers:

"Our Flag," by Jefferson Seales as Uncle Sam; "My Shadow," by the B-1 grade; group of songs by the A-1 grade; dramatization of one act from "Hansel and Gretel," by the B-2 grade; "Napoleons," sung by the children of the sixth grade; dramatization of "The Little Taylor," by A-2 grade; original fairy tale by Eleanor Goodman; original fairy tale by Barbara Sawyer; poems "Day is Done," by group of children from the sixth grade; original speech, "Good Sportsmanship," by Raymond Hall; original speech, "How I Can Be a Good Citizen," by La Verne Shaw; "The American's Creed," by members of the fifth grade. After the program a social hour was enjoyed, during which punch and home made cake was served.

The officers of the Columbus avenue Parent-Teacher association were delighted at the splendid co-operation which was shown by both the teachers and members, and also for the many offers of help which were given to make this first "fathers' night" entertainment the success that it was.

TWO FACE MURDER TRIAL

EVERETT, Wash., Feb. 4.—Demanding the death penalty, the state opened its case against Mrs. Bertha Wilkes and her 16-year-old daughter, Treva Pote, for the alleged murder of August Danielson, wealthy lumberman, at the Wilkes home, November 6. The jury was completed, women being excluded. Danielson met his death by suicide or accidental shooting, the defense will maintain. He was engaged to Mrs. Wilkes at the time of his death.

Mrs. Wilkes was formerly with the Sells-Floto circus as an animal trainer and was in the movies.

St. Thomas' hospital, London, was originally founded in 1228.

W. H. COURT OPENS CADILLAC AGENCY IN THIS CITY

Locates at 228 South Brand
Boulevard; Comes Here
From Southern States

An important entree in the auto-
mobile business in Glendale is W. H.
Court, Cadillac agent, located at 228
South Brand boulevard, who has re-
cently come to California from Mem-
phis, Tenn., where he was distributor
for one of America's highest grade
cars for the states of Tennessee, Ar-
kansas and Mississippi.

Having always been identified
with the sale of an automobile of
high character, it was no more than
natural that Mr. Court should choose
the Cadillac—which heretofore has
not been represented in Glendale and
vicinity.

To a representative of The Evening
News, Mr. Court said:
"After looking over many cities in
southern California, I could not find
one that seemed to have the bright
prospects and future as Glendale and,
although living temporarily in Los
Angeles, I am planning to secure a
home here as soon as possible. Hav-
ing the opportunity to secure the
Cadillac agency, I did so, as the Cad-
illac has always set a world standard
for quality of material and precision
of workmanship in the manufacture
of motor cars. That this factory has
been able to produce a car that sur-
passes anything that the Cadillac has
ever done before is a source of the
greatest pride to every man and wo-
man who has had a part in the build-
ing of the new car, and to every man
and woman identified with the mar-
keting of the Cadillac.

New Reduced Price
"There are improvements and re-
finements, and a new reduced price,
that can be readily seen and appre-
ciated, but the greatest advance has
been in the building of the car, its
marvelous performance and roadabil-
ity.

"Engineers after a study of Cadil-
lac methods, have said that the stan-
dard of measurements, tests and con-
struction were beyond improvement.
But the Cadillac ideal points con-
stantly onward, and we know that
with this new model Cadillac, motor
car construction has taken another
important step of advancement.

"We are proud to offer a car that
sustains and strengthens the Cadil-
lac position of unquestioned leader-
ship."

Exchange Grove for Beach Apart. House

Parish & Burton report the ex-
changing of the thirty-eight acre wal-
nut grove near Lankershim owned
by C. H. Mathison for an apartment
house in Long Beach, the considera-
tions involved were over \$100,000.

This firm also reports the sale of
the property at 450 W. Ivy to L. W.
Briggs. Consideration, \$5,600.

BRITISH CABINET DISPUTE

LONDON, Feb. 4. — Dissension
has broken out in the British cabi-
net over the advisability of extend-
ing royal amnesty to the remaining
Sinn Fein prisoners detained in Eng-
lish jails. They number about
eighty and were tried and sentenced
for such crimes as attempting to
blow up the docks at Liverpool, dur-
ing the Sinn Fein agitations in this
country.

The WORLD OVER

By FRANKLIN R. MORSE
PACIFIC SPORTS SERVICE

The recent statement made by
Dean B. Crowell, trainer and track
coach at the University of southern
California, to the effect that he was
considering allowing Charles Pad-
dock, the world's champion 100 and
220-yard sprinter, to make a try for
the 440-yard record of 47 seconds,
now held by Natty Long, brings up
some interesting possibilities.

The accomplishments of Paddock
on the two shorter sprints is too well
known to the athletic world to need
particular comment, other than to
say that the southern Californian is
considered to be the fastest in the
world today. Just what would be
likely to happen should Paddock go
into the longer distance is one which
is interesting followers of the cinder
path.

There are many who contend that
Paddock will be able to make a name
for himself at this distance which
will equal that made in the short dis-
tances. It is a well-known fact that
Paddock is a very slow starter. In
practically every competitive race in
which he has run, his opponents have
gained several yards on him at the
firing of the pistol and, for the first
fifty yards, the main business Pad-
dock has in hand is the making up
of this lost distance. Then during
the next fifty yards in a 100-yard
event, he pulls away from his rivals.

The four forty run would mini-
mize the handicap of a slow start, the
few yards in question not being so
important in this event. It also is
pointed out that Paddock is of a
strong physical build. There are few
men who have run in the sprints and
made a name for themselves who
have his rugged build. Luther
Carey, an old-time Princeton sprint-
er, was a man of large build. Charles
C. Melver was another. He was the
first American to win the Sheffield
handicap. Jack Nelson, former na-

tional champion a decade ago, also
was physically imposing.

With the speed of the short dis-
tance sprinter and his natural
strength it would seem as though
Paddock should be capable of mak-
ing his mark in the quarter mile. At
the same time it is appreciated that
mere size, or even strength, does not
necessarily mean that the man may
have endurance which is quite an-
other quality. It is the question of
endurance which makes a pretty
proposition of the possibilities as to
Paddock's success in the longer run.

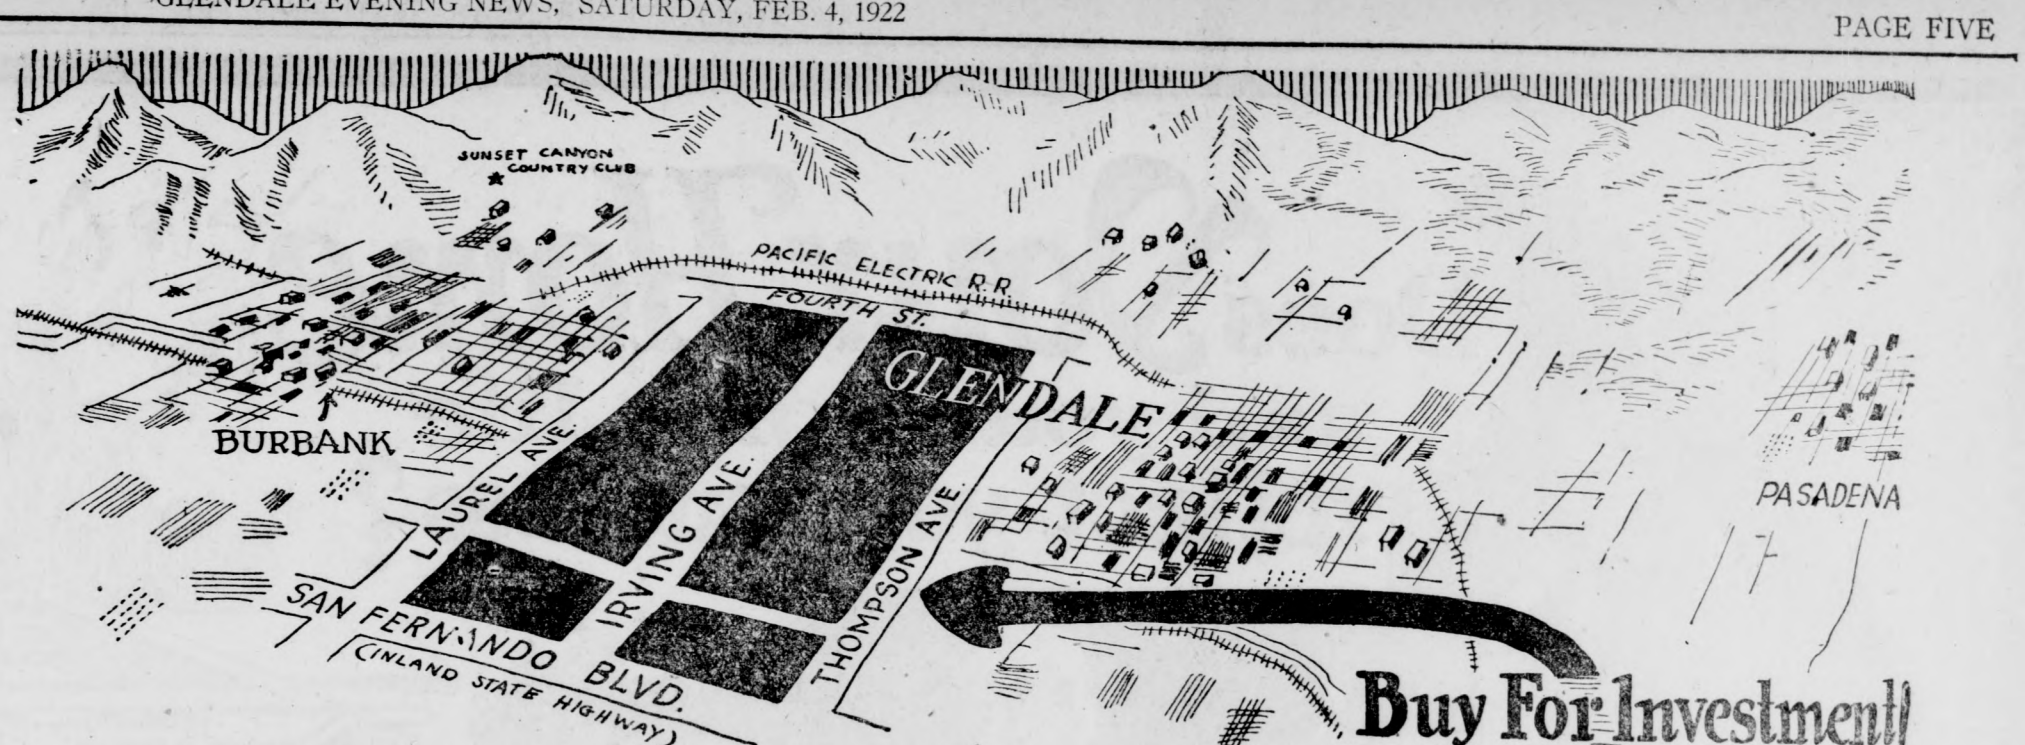

While a certain amount of endur-
ance is required in the 220-yard
sprint, it is not the grueling race of-
fered by the quarter mile. The big
majority of track followers will state
the opinion that the quarter mile is
the toughest proposition that any
runner can face on the track. None
of the longer distances are calculated
to put so much of a strain on the run-
ner.

Paddock may have some idea as to
his capabilities in the 440 through
private attempts, but, as far as the
public is concerned, they have no
means of judging, as he has confined
himself to the short sprints through-
out his intercollegiate competition.

If Crowell means what he says, the
athletic world will have something of
rare interest to look forward to dur-
ing the coming track season.

During a dense fog in London
there is as much as 200 tons of soot
suspended overhead.

GLENDAL VINEYARD LOTS

In the Fastest Growing City in the U.S.

This Tract faces on beautiful San Fernando Boulevard,
the National Inland Highway between Los Angeles and San
Francisco. The land is high and dry—practically free from
fogs. Nine miles from Seventh and Broadway. Twenty minutes
by motor over finest Boulevards. Thirty minutes from the center
of Los Angeles, by Electric Railway.

Resident Lots 50x164 feet. Business Lots facing on San
Fernando Boulevard 25x100 feet.

Improvements, including Water, Sidewalks, Lights, Curb-
ing, Guttering and Taxes all paid. Stores and Schools near by.
This Tract is adjacent to all the City advantages—surrounded
by the delightful Home Life of a small city. There is a fine
stand of Zinfandel Grapes on the entire tract.

Make a Good Profit

At our opening prices these lots are even lower than those gen-
erally asked in the cheaper, crowded sections of this city. These
lots are in the direct path of the greatest growth in the United
States, according to late statistics. Prices on these lots will with-
out a doubt increase in a few months and give you a very
handsome profit on your small investment. You will have to act
quickly to get the choice lots at opening prices.

HARDING REFUSES TO ACT AID OF LABOR IS SOUGHT

WASHINGTON, Feb. 4.—Presi-
dent Harding has declined to invite
Bolivia to join in the conference to
be held in Washington between Chile
and Peru to arbitrate the Tacna-Arica
boundary dispute, the state depart-
ment announced.

The president informed Bautista
Saavedra, president of Bolivia, "that
the inclusion of Bolivia in the discus-
sion of the question at this issue be-
tween the delegate of Peru and Chile
is a matter for the exclusive consid-
eration of the two governments con-
cerned, and that in the circumstances,
I am precluded from taking the in-
itiative you suggest."

WASHINGTON, D. C., Feb. 4.—

Organized labor throughout the
United States was asked today to
back up efforts of farmers to get
Congress to pass immediately pend-
ing measures designed to relieve the
depressed agricultural situation.

Action to align the labor forces
with the concluding meeting of the
"rump" conference held by admit-
tedly disgruntled farmers who called a
parley of their own when they be-
came dissatisfied with the working
of alleged "hand-picked" conferences
called by President Harding.

COMBAT FARMERS' PROJECT

WASHINGTON, Feb. 4.—The ad-
mission that the National Grain Deal-
ers' association spent \$72,657 in six
months last year in combating the
farmers' co-operative movement, fos-
tered by the United States Grain
Growers, Inc., was made before the
senate agricultural committee by
Charles Quinn of Toledo, secretary
of the former organization.

Quinn criticized Secretary of Agri-
culture Wallace for what he termed
a failure to "check the pernicious
political activity of farm bureau
county agents" in a number of agri-
cultural states.

Are you giving this great big thought the consideration you should? Concentrate now and come to know that it is indeed selfish for a man to become so engrossed in business as to allow it to dominate his existence and constant thoughts, and for a man to measure his success by the size of his business and money he has been able to accumulate is a moral sin. To allow your home to receive minor consideration is a reflection upon the good wife and the kiddies whom you, deep down in your heart, love most of all.

Every effort you make to succeed should be equalized between business and the home and if there is a preference let it fall on the side that can and will do most to create constructive thoughts, maintain health and strength, assure success, happiness, contentment, and in later years, in case of adversities, assure protection and a place of refuge for yourself and those most near and dear to you.

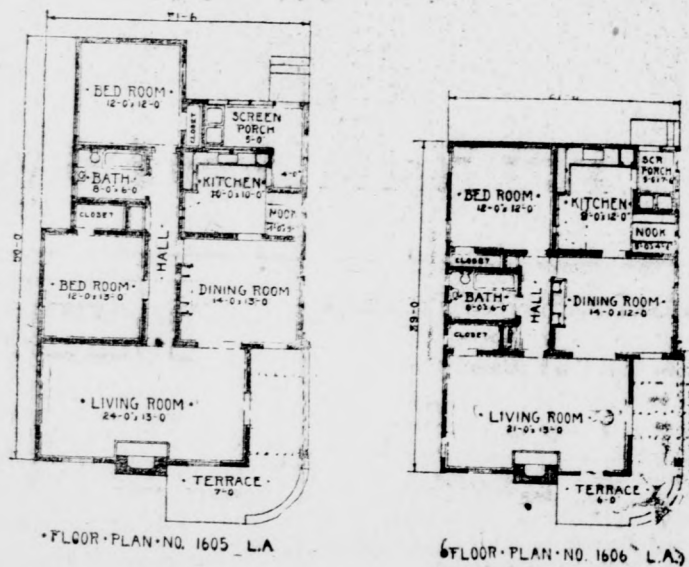

You do not hesitate to procure and apply the latest conveniences for your office and business, everything that will save time and lessen labor is considered a necessity—WHAT ABOUT YOUR HOME?

Is it in keeping and in harmony with progress made in your business? Is it equipped with the many modern time and labor saving conveniences that do transform the wife's work from drudgery to one of pleasure? It is large and pretentious enough to care for your requirements conveniently, well painted and in good repair, with rooms properly arranged for entertainment, sunlight, ventilation, etc., and the grounds landscaped and set with lawn, shrubs, trees and flowers and playgrounds for the children?

Life is but a short span to hold and crowd into so many mistakes, regrets, worries, happiness, success, contentment and joys.

When we reflect upon the future we can come to but one conclusion and our efforts and actions will be governed by this awakening, that modern, attractive, convenient homes must receive first consideration; that to plan and build; to journey the path that leads to success, contentment and real happiness is the only worth while accomplishment.

Plans No. 1605 and 1606

If you are fond of individuality, distinctiveness and want your new home to be different, then this attractive home will appeal to you. The red brick used in the porch and terrace floor edging and in the chimney offers a pleasing contrast to the moss green roof and shutters and the white painted exterior. A careful study of the floor plans will reveal compactness and conveniences not usually found in homes so small, and one of the plans will no doubt care for the requirements you need in a home. For information regarding plans, etc., write the home building editor, care this paper.

THE FOLLOWING ORGANIZATIONS, PUBLIC-SPIRITED FIRMS AND INDIVIDUALS ARE INTERESTED IN HELPING TO MAKE GLENDALE A CITY OF MORE BEAUTIFUL HOMES AND TO ASSIST IN EVERY POSSIBLE WAY IN CREATING HOMES FOR THOSE WHO ARE DESIROUS OF MAKING GLENDALE THEIR FUTURE HOME, AND IT IS THEIR RECOMMENDATION THAT ALL WHO CAN POSSIBLY DO SO, BUILD HOMES OR CONVERT THEIR SURPLUS MONEY INTO HOME BUILDING CHANNELS. THAT YOU MAY TAKE FULL ADVANTAGE OF THE INFORMATION THESE PAGES CONTAIN, THEY HAVE RETAINED THE SERVICES OF COMPETENT HOME DESIGNERS WHO WILL GLADLY ADVISE WITH YOU AND GIVE VALUABLE ASSISTANCE IN PLANNING YOUR NEW HOME. ADDRESS ALL INQUIRIES TO THE "HOME BUILDING EDITOR," CARE THIS PAPER.

TIGERS TO CLAW HARD IN EFFORT TO SECURE TRACK CHAMPIONSHIP

University of Southern California Will Have To Go
Some to Cop Flag; Awarding that Football Title

By HOWARD M'GILLIS, Sporting Editor The Evening News

In attempting to predict the season's Southern California champion college track team, the choice among the experts seems to have narrowed down to two schools—namely, the University of Southern California and Occidental college. U. S. C., with a small number of stars of the first magnitude and an unknown supply of mediocre performers, will have to push their aces to their utmost in order to triumph over the more evenly balanced track and field experts of the Tiger institution.

Should the Oxy athletes win from the Methodists, which at present is considered more than a possibility, they will have accomplished a feat that has been the ambition of Tiger students and followers for a number of years—that of trampling over their most bitter rivals on the athletic field.

For the past four or five years the wearers of the Cardinal and Gold insignia of U. S. C. have overwhelmed their collegiate brethren of the Southland with monotonous regularity in all forms of sports, and the eyes of practically every athletic follower in the southern part of the state will be focused on the coming A. A. U. championship meet, which will take place on April 15, at Patterson field.

These Stars Twinkle
With such stars as Paddock, world's premier sprinter and holder of countless records; Schiller, leading southern California quarter miler; "Swede" Evansweight, shark and veteran of the 1920 Olympic games; Emmons, stellar pole vaulter; Corey, who ranks with the best high jumpers in the country, and several others Coach Dean Cromwell will have more real "first degree" stars on this year's team than have represented a single Pacific coast college during the past decade. In order to win track meets, however, it is necessary to have more than one good entry for each event, and

it is to this end that the U. S. C. coaches are now directing their attention. Also, it is said Paddock may not start.

Over at Occidental Coach Joe Pippal, known throughout the country as the "timber wolf" of collegiate sporting circles, will rely principally for track victories on the efforts of Tony Spangler, Art Gary, Roy Goodenough, Cliff Argue, Johnny Powers, Phil Ellsworth, Buster Sloan, "Swede" Ridderhoff and Louie Chandler.

Each one of the foregoing athletes is conceded a place in practically every event in which he is entered and several are considered first place performers.

Of the group named the athletes who stand out in the star class are Argue, last year's national junior A. A. U. champion broad jumper; Spangler, star quarter miler; Sloan, distance runner; and Goodenough, who will rank right along with Emmons of U. S. C. in the pole vault.

Oh, Well, What of It?

The recent action of the Veteran Athletes' association, an eastern organization composed of present and past star athletes of the country, in proclaiming the Lafayette college football team the champions of the east for 1921, is but another criterion of the consideration and credit given by easterners regarding Pacific coast athletics. Although the Lafayette eleven went through the season without a defeat, their opponents could hardly be classed as being more formidable than those defeated by the Washington and Jefferson pigskin warriors, who also sailed through the season without a reversal.

If Coach "Greasy" Neale's Washington and Jefferson huskies had decisively defeated the California Bears, or if they had not even made the trip west for the New Year's game, it's a "lead pipe" cinch that the Presidents would have at least been given honorable mention, if not the first rank, by the easterners. But, as long as they were tied by the Pacific coast champions—never!

On Rules Committee

Andy Smith, head football coach of the University of California, has been selected as a member of the annual intercollegiate football rules committee for 1922, which will meet next spring at New York. Smith will be the sole representative of the Pacific coast at the gathering. The position was filled last year by Coach Walter Powell of Stanford.

Subdivision Expert to Open New Properties

When a man, in the course of twenty years of business, has planned and disposed of twenty-four large and important home subdivisions, he ought to know something about the value of real estate. J. Harvey McCarthy, the Los Angeles subdivision expert, feels sure that this experience has taught him something, and so he has turned to Glendale in the belief that that city gives the most promise for successful subdivision development.

Very recently Mr. McCarthy, having developed the "Moroscotown" property on Western and Melrose avenues and "Agoure Park" also on Western avenue, Los Angeles, turned his attention to Glendale and purchased a beautiful foothill tract in the San Rafael Hills at the end of the Broadway. Then he turned to the northwest section of the city, where he had his first real estate experience fifteen years ago and bought twenty acres of fine residential property on Doran avenue and directly adjoining the new municipal Patterson park. Both of these tracts Mr. McCarthy will open on Sunday for Glendale folks only, in the belief that first chance should be given the residents of this city.

Mr. McCarthy is one of those who believe that Glendale's progress in population and industry will proceed at an even faster rate in the future than it has in the past two years. He says that he looks forward to seeing a 50,000 city here by 1925. The wonderful advertising that Glendale has received as the fastest growing city in the country is having an undoubted effect in bringing people and the activities of the local Chamber of Commerce are also bearing fruit, in Mr. McCarthy's opinion.

CONFUSION IS PREDICTED

TOKYO, Feb. 4.—The Asahi, leading independent paper, predicts a period of governmental confusion following the death of Prince Yamagata, most influential of the elder statesmen, who is sinking rapidly.

A struggle for control of the government will follow, this paper predicts, resulting in a decline of the militaristic power in the government and a corresponding strengthening of the Liberals.

A girl may just be crazy over a handsome man and still discover after she has married him that he is anything but a pretty fellow to live with.

In Holland many women find employment in the brickyards. They stand out in the warmest weather smoothing the bricks and gathering them in great piles.

In Siam many women are employed in army workshops, in factories and on the railways and roads, where they are paid the same rates as men for equal work.

This Illustration Was Created to Make You Think, Mr. Business Man,—

And if you are renting, or your business has outgrown the home that has housed and comforted you during your climb to success, you are now entitled to the happiness, pride of possession and protection of a modern ideal home.

Just 'phone our service department and a competent attendant will call on you either at your place of business or residence and place before you an array of practical home building ideas and suggestions that will be of material help to you in determining what to build and approximate investment necessary to build a home that will meet all your present and future needs.

Our service department is just another proof of our desire to better serve you and to make our business an indispensable unit of our city. You are to consider it a department that exacts no obligations and with this assurance feel free to 'phone or call in person and receive the helps we are anxious to give.

Adelicate silken thread

can shift
gears on the
new

Buick

Gear shifting on the new Buick is so easy that a slender silk thread tied to the gear shift lever is strong enough to pull the gear shift lever from second speed to high speed.

The marvelous Buick Velvet Disc Clutch makes driving a real joy. It has taken the annoyance and trouble of grating, rasping gears and stiff, harsh clutches from motoring. The combination of the patented disc clutch and patented Buick transmission makes this possible.

You cannot get this combination in any other car but a Buick.

Wisconsin Folk Will Picnic on Feb. 11th

All who ever lived in Wisconsin are invited to meet for the great picnic reunion, all day, Saturday, February 11 in Sycamore Grove Park, Los Angeles. There will be county registers and headquarters so you can find the old neighbors. There will be a brief program opening about 2 o'clock but the main purpose will be to have a good time. Coffee will be served free to all who buy the silk souvenir badges. The

president, Col. Frank H. True, will preside. Further information may be had of C. H. Parsons, secretary of the Federation of State Societies, Continental National Bank, 901 S. Main Street, Phone 19261, or of the president, 63739.

TO PROBE ALLEGED GRAFT

WASHINGTON, Feb. 4.—Charles J. Seales of Rock Island, Ill., has been appointed by Attorney General Daugherty as a special assistant to investigate alleged grafting on contracts made for supplies needed for the army and other government activities during the war.

LOCAL REAL ESTATE SAFE INVESTMENT, DIVIDEND SURE

Glendale People Have Great
Opportunity; Now's Time
for YOU to Act

Glendale already is made, but there is more of Glendale in the making right now than ever before! It would be unwise to reveal the powerful financial interests which are centering their activity here in both the development of new tracts and the upbuilding of the fastest growing city in America.

A glance at the real estate advertisements in The Glendale Evening News is indicative of much that is going on, but it will pay the person with money to invest to read thoroughly every line devoted to development projects and then scout around some sunny afternoon and see how rapidly the vacant property is being snatched up.

Truly, it may be said that Glendale people are so concerned with their own business affairs that comparative strangers are coming in daily and making fortunes through judicious purchases.

Now's Time to Act

When one considers how rapidly Glendale has grown in the last two years—nearly 100 per cent—and learns from the builders that March of this year likely will see a new record for construction, there is no question that now is the time to act!

J. Harvey McCarthy company, pioneers in the local field, are attracting great interest with their new tract at the east end of Broadway, Glendale, tritely called "Eagle Glen Heights." The lots are unusually large and low priced with all of the necessary modern improvements included.

Frank E. Corson, well-known Hollywood realtor, has similar property known as "Broadway Heights" in the same vicinity, while to the south is Meeker's Orange Manor and further east on Colorado is Dahlia Heights, the last two being sold by Ruddick & Driver and associates. Verdugo Woodlands, Fairview and Glendale Heights, as well as many other tracts, are attracting equally as much attention.

Glendale Vineyard Lots Are Desirable Homesites

Another very desirable tract subdivision is now on the market. It is known as "The Glendale Vineyard lots," located on San Fernando boulevard, the inland highway between Thompson avenue and Laurel street, and extending north to Fourth street.

This tract is entirely covered with a fine stand of Zinfandel wine grapes in production. The 50-foot home building lots are selling at a moderate cost, on very easy terms. The location is ideal for homes, and buyers will have a bearing vineyard to supply their home needs.

The business lots in this tract face on San Fernando boulevard, and are also reasonably priced, with generous terms. New stores are said to be in demand in this vicinity and as building increases this spring a greater demand will be created.

The tract is being handled by Gordon L. Freeman, Inc., with offices on the tract, also at 128 North Brand boulevard, and 320 C. C. Chapman Bldg., Los Angeles.

First Choice of Lots Offered to Glendale Folk

The Edwards & Wilkey company are offering first choice to the local people of Glendale to select lots in two of their latest subdivisions before they start the main selling campaign. The Edwards & Wilkey company are old timers in Glendale subdivision work. In 1910 they subdivided the Kenilworth tract, comprising 365 lots lying west of Pacific avenue between Myrtle and Burchett streets.

Lots in this tract sold by them at \$400 are now reselling at \$1200 to \$1500. Among the company's later subdivisions is the West Broadway tract. In this tract the first buyers of lots on Wilson, Salem and California streets are now quadrupling their original payments after having held the lots for a few months' time.

In its present subdivisions, located on the close-in northwest slope amongst the show places of Glendale, the company is continuing its policy of keeping the prices at the lowest possible level and predict great development for their properties. Among a few who have already selected lots is R. E. Boyd of the Glendale Lumber company, who has purchased a large corner on Kenneth Road and plans to immediately build a \$10,000 home on it.

FIRST CHOICE

In accordance with their established policy, the Edwards & Wildey Co., 139 North Brand Blvd., are offering to the builders, investors and residence seekers of Glendale, an opportunity to select LOTS in their TWO NEW SUBDIVISIONS before their formal opening.

Kenneth Terrace

This property fronts on Kenneth Road and is undoubtedly the very choicest residential property in Glendale. Immediately adjacent to such homes as the Robins' Nest, Chas. H. Toll's beautiful estate, etc. Fine, large lots covered with full grown trees. This tract particularly appeals to those desiring a home in a select residence neighborhood with the finest surroundings, influences and advantages, and wonderfully beautiful views. The average price of \$1700 is only made possible by a particularly good buy made on the property in the rough. Prices include curbs, walks, rock paved streets and all utilities.

Glendale Foothill Gardens

Our first allotment of this tract comprising about 60 lots is sold out and resales are now being made. This is the first and final addition. Fifty-foot lots just off Pacific Avenue, one and one-half blocks to Burbank car line. Lots from \$800 to \$875—\$200 cash, \$15 monthly. Prices include the finest of street work, curbs and sidewalks. Reasonable building restrictions insure a high class neighborhood with advancing values. There is no other locality in Glendale where you can get such splendid high lots in so good a neighborhood at such low prices.

These tracts have been bought, subdivided and offered for sale in accordance with another one of Edwards & Wildey Co.'s established policies; that of pricing their lots at such a figure as to give the first buyers a chance to make a quick resale at a profit. With the installation and completion of the street improvements, contracts for which have already been let, the lots remaining unsold will be advanced in price. Investigate these splendid properties. Call at our office or phone for appointment.

More Than Million Sales in Past Year Is Again Ford Record

Retail sales of Ford cars, trucks and Fordson tractors have again exceeded the million mark for the year 1921 according to a statement received recently by the local Ford agency. "The Ford factory and assembly plant production figures reached a total of 1,050,740 cars, trucks and tractors for the year," declared Jesse E. Smith, local agent. "The 1920 sales record was surpassed by over 100,000 cars. "The Ford company says the out-

look for 1922 is decidedly optimistic. The facts seem to indicate that not only are the farmers buying more freely but that the general public is becoming more responsive and receptive.

"Ford is giving employment at present to approximately 40,000 men in his main plant at Detroit. The importance of this plant is emphasized when it is considered that nearly 20 per cent of the city's population is directly dependent upon the Ford Motor Company."

The aborigines inhabiting the Malabar islands speak to each other at a distance by whistling, the whistlers being selected for their ability to whistle loudly. They make this their livelihood.

Offers Moral Lesson From Recent Storm

A bitter storm lesson has been learned by thousands of motorists throughout southern California during the recent rains and freak snow storms.

As a result of this lesson, officials of the Automobile Club of Southern California have just issued a serious warning to all motorists in this section to cover any similar emergencies which may arise.

"Don't go sight-seeing in the rain, wind or snow" is the burden of this warning.

The auto club has been engaged in engineering rescue parties throughout the state during the past week, and a large majority of the motorists who have made the rescue work necessary have been those who went out "to see what the weather was like."

Highway bridges, it is pointed out, have a habit of going out at a moment's notice, and motoring parties are as likely as not to be marooned far from home and food in the twinkling of an eye. The recent instance of more than 100 parties getting caught in deep snow on the Ridge Route is a moral lesson which should be heeded by all, according to the Auto Club's touring bureau.

Sightseers and curiosity hounds make the work of rescue doubly hard by getting in the way, besides usually being the victims of the weather themselves. Roads which become covered with water during the winter months are very dangerous, warns the club, and no car can travel with safety on any route which is under water.

Only in cases of business or dire necessity should motorists start out from home in the winter when a storm is brewing.

Transfers of Service

The following requests for transfer of light and water service are on file in the public service department at the city hall: Charles Wesson, 331 Hawthorne street, 833 East Chestnut street; Roger Bentley, rear 715 North Central avenue, 460 West Los Feliz road; W. G. Collins, 819 East Wilson avenue, 817 East Wilson avenue.

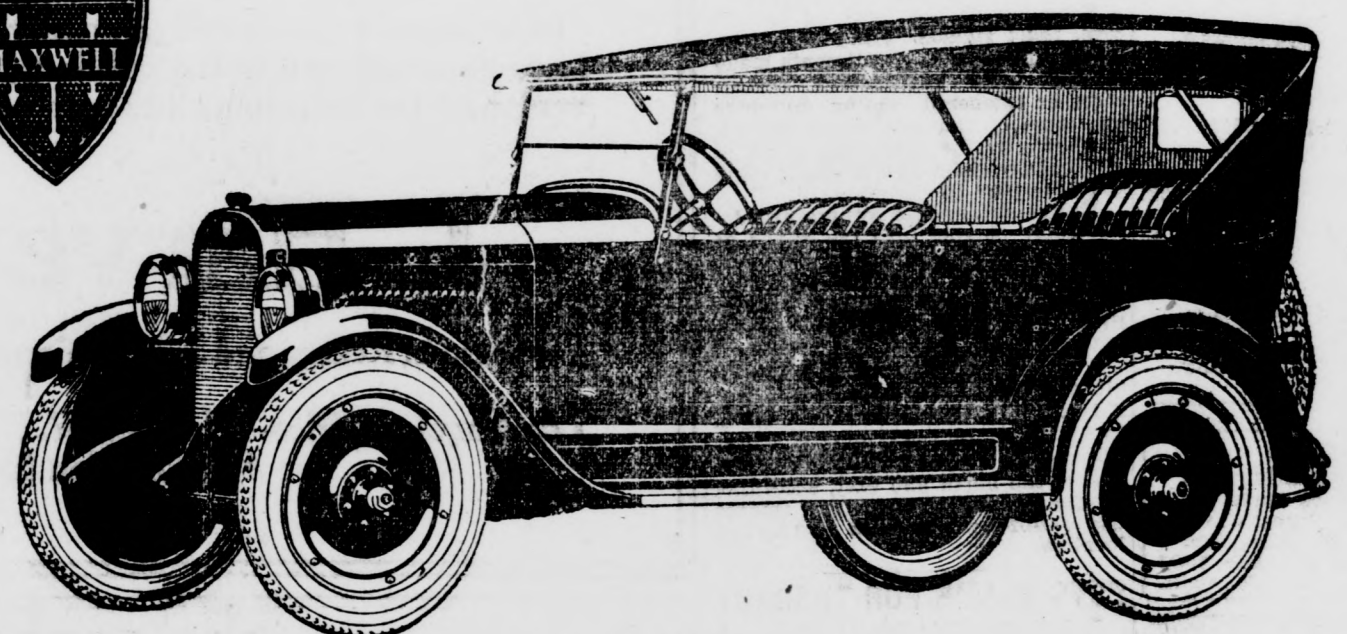

The following are requests for installation of meters: Mrs. E. M. S. Labadie, 730 South Glendale avenue; H. H. Parker, 401 West Doran street; D. W. Libeck, 725 North Howard street; Charles F. Hahn, 513 South Central avenue; G. K. Wagoner, 520 South Central avenue; Dr. Edward Swift, 524 South Central avenue; L. H. Cavell, 1930 Vassar street; J. F. Ireland, 908 East Maple street; C. A. Archer, 615 East Elk street; L. L. Schoonover, 328 North Adams street; T. C. Jones, 1011 East California avenue; F. H. Vesper, 603 East Broadway; D. Webb, 603 East Broadway; G. W. Anderson, 621 East Lomita avenue; A. H. Dibbern, 508 East Lomita avenue; C. F. Tomkins, 1740 South San Fernando road; Paul C. Butterfield, 431 Arden avenue; H. P. MEN'S BIBLE CLASS COMMITTEES ARE PUT TO WORK

W. A. Horn, President, Names
Groups; Cordial Welcome
Accorded Visitors

Announcement of the new com-
mittees for the Men's Bible class of
the Presbyterian church, which
meets at 9:30 every Sunday morn-
ing in the council chamber at the
city hall, was made yesterday by W.
A. Horn, president of the class, who
remarked that the membership now
ran close to 100.

"Each group is making plans to
be of some real service to the men
of Glendale," asserted Mr. Horn.
"The membership committee
especially is going to try and make
every man in the city, who does not
go to any other church, feel that he
has a most cordial welcome."

Some New Committees
A partial list of the new commit-
tees are as follows:

Membership—F. G. Taylor, chair-
man; W. B. Mullikin, H. C. Rett-
berg, Dr. A. D. Smith, George H.
Horne.

Reception—George G. Semon,
chairman; E. O. Smith, J. M. Mac-
Millan, A. G. Mitchell, George Daugh-
erty.

Music—L. A. Hart, chairman; F.

Auto Owners Aid in Theft of Own Cars?

Auto thieves are of the opinion
that many automobile owners enjoy
having their cars stolen. They also
believe that many motorists aid in
the theft of their own cars.

This startling information has
been secured by the theft bureau of
the Automobile Club of Southern
California from scores of profes-
sional auto thieves who have been
captured by the club between the
Mexican boundary and San Luis
Obispo county.

"Motorists make it easy for us
thieves," is the way the thieves them-
selves put it when questioned by the
authorities and the Auto Club is
planning a strenuous campaign to
educate auto owners in "how to
make it hard for the auto thieves."

Keys left in the locks of parked
cars, theft signals lying in rear
seats, unused, and no attempts made
to investigate registration certifi-
cates or tampered motor numbers
are some of the aids given thieves,
as shown by the testimony taken in
the county jails throughout the
southern part of the state.

Unless automobile owners are de-
liberately playing into the hands of
professional thief gangs in Southern
California, they are warned by club
officials to take ordinary precau-
tions in safeguarding their move-
able property.

A careful check is to be made on
all certificates of registration, and
it is probable that steps will be taken
to tighten up on the issuing of motor
licenses in states adjoining Califor-
nia of the north and east, according
to the Auto Club, as many thieves
use out-of-town licenses in stealing
local cars.

PUTS BLAME FOR TRAGEDY

WASHINGTON, Feb. 4.—The col-
lapse of the roof of the Knickerbock-
er theatre which cost ninety-six lives
and resulted in the permanent in-
juries to scores, was due to a "bad
job of engineering and cheap and
faulty construction," said Senator
Capper of Kansas, a member of the
senate district of Columbia commit-
tee, after an inspection of the gaunt
ruins at Eighteenth street and Co-
lumbia road.

Medicine won't do it!

"Just to illustrate—medicine
won't remove many facial ills—
for example—blackheads!"

"But beauty methods for face
or scalp need just as scientific
a basis for their application as
does your specialist in other
studies."

"For 18 years, Marinello
beauty methods have used labo-
ratory science—thoroughly
studying facial, scalp and hair
needs."

"Four graduate Marinello op-
erators here to help YOU."

Display of Parts for Maxwell Cars Attracts Attention

The complete line of Maxwell cars
are now on display in the show room
of the Glendale Motor Car Company,
246 South Brand boulevard. One of
the most interesting features of the
display is a very complete parts
board showing all of the changes in
motor and rear axle construction
which have made such big improve-
ment and placed the Maxwell in the
position of a leader of motor car de-
sign.

"It is surprising the interest that
has been created by the new Max-
well," declared L. P. Clark. "It
seems to be just the car that the
public have been waiting for. The
easy riding, soft clutch and brake
and comfortable large seats appeal
to women and they usually have the
final word when the family car is
purchased."

"The new show room of the Glen-
dale Motor Car Company will be open
every night next week for the ben-
efit of those who have been anxious
to see the new Maxwell but who are
engaged in business during the day."

SPORTS CHATTER
By BILL UNMACK
PACIFIC SPORTS SERVICE

Old time baseball players and fans
still stick to the fact that players of
their day were the equal and better
than those of today. The old record
books are full of interesting data,
and compared with the records of
today would seem to back up the con-
tentions of these "old boys" who
maintain superiority of the "used to
wassers."

These old timers, for example
never tire of telling of the doings of
pitcher Radbourne. Back in 1883
this man then playing with Providence,
pitched in seventy-two games
and his average showed 1.45 average
runs earned and 2.38 average hits.
Truly a remarkable performance.

Two other men that year, McCormick
of Cleveland and Daily of Cleveland
showed slightly better figures than
Radbourne, but the latter played
practically twice as many games.

Old time records are interesting,
and even the records of more recent
baseball are now ancient history.
For instance September 24, 1904 at
Atlanta, Ga., the local team playing
Shreveport in the southern league
played full nine innings in forty-four
minutes, breaking the previous
world record made by Dayton and
Ironton which had stood at 47
minutes and was made at Dayton
September 19, 1884. Strange to re-
late September 17, 1910 this same
Atlanta team playing Mobile once
more broke into the world record
books as these teams again set a new
world record for "shortest game"
with thirty-two minutes for a full
nine innings.

Christy Matthewson is a name

more or less a by-word with present
day ball followers and in his day he
made some remarkable performances
as the world knows. One of these
high class performances that came
to mind was the game Chicago vs.
New York Giants when Christy shut
out the Chicago team June 13, 1905
without a hit 1 to 0. Only twenty-
eight men faced Matthewson in that
remarkable battle.

Many remarkable performances
have been made in minor leagues,
one of the most remarkable being
that of a pitcher named Zeller who
was given a "trial" with Atlanta
against Montgomery April 13, 1906.
He made good with a vengeance. Here
is what he did: struck out 12 men in
nine innings and 19 in thirteen.

Pitched twenty strikes in succession,
6 in the ninth, 9 in the tenth and 5
in the eleventh. Struck out the last
two men in the ninth, all three in
the tenth, one in the eleventh and
had two strikes called on the third.

Zeller did not give a base on balls in
the thirteen innings and he appeared
to improve as he went along. He
gave up only two hits in succession
and they were in the first inning.
All in all a record worthy of the hero
worship that it brought young Zeller
at the time.

The record for playing in the most
championship league games was
made in 1905 by Dunleavy of the
Oakland, Cal., team with two hun-
dred and twenty-seven. Two years
later another Oaklander, George
Haley participated in 207 games,
both performances being in Pacific
coast league series.

RAILWAY FARES AND SEWER SITUATION ARE DISCUSSED

**Southern Glendale Men's Club
Hears City Manager on
Glendale Problems**

City Manager W. H. Reeves was the speaker last night at a social session in the Tropic Presbyterian church of the Southern Glendale Men's club.

Silk handkerchiefs were pulled out of the air and a regulation egg was caused to vanish and appear at will.

No, this wasn't done by Mr. Reeves, but by Glyndon Smith, professional sleight-of-hand entertainer, who came out from Los Angeles to mystify these present.

Topics of the hour were discussed by Mr. Reeves. He touched upon the Pacific Electric situation, the sewer controversy and appealed for those present to give their city officials an opportunity to work for the best interests of the community.

"I am glad to be here to talk to you," remarked Mr. Reeves. "I feel right at home. I think we are all just friends. Some public officials when they get into office get uptight and lose their sense of proportion."

Can't See Common People
According to Mr. Reeves, members of the railroad commission have gotten into this condition. He said that they did not seem to have the view point of the people of this state at all. He suggested that possibly the corporations had "wined them and dined them."

The public utility commission of Los Angeles, also, seems to have lost the human perspective, according to Mr. Reeves. He scored this body for hesitating to establish a precedent by granting Glendale a permit to enter Los Angeles with a bus line largely because it would be municipally owned.

"They don't seem to realize that the war is over," declared Mr. Reeves, commenting upon the railroad commission. "Other things haven't increased in price. Take the principal things used by the railroads: material and labor. Wood and steel have come down in price and wages have, too. And yet they say costs have increased enormously."

Advantages of a bus line were discussed briefly by Mr. Reeves who called attention to a comparison of capital necessary for a bus line and an electric line.

Need Sewer System
"Glendale has doubled in the last few years and there is one very good reason why she hasn't done better," declared Mr. Reeves. "Glendale needs a sewer system."

Mr. Reeves outlined the activated sludge gravity sewer system. He declared that it would be absolutely inoffensive in any way.

"If anybody in the council has an axe to grind, I haven't seen the instrument yet," said Mr. Reeves.

Attorney H. C. Wesley of 1235 South Maryland avenue presided and remarked: "There seems to be a strong undercurrent throughout the state against these commissions. There seems to be a good deal of agitation. It seems to me that they are not doing what they should."

Lure of Large City to Small - Town Girl Is Film's Theme

Smothered ambition set free, the lure of a great city to a small-town girl, love, tragedy, romance and adventure.

These are some of the vital human interest factors which figure in that pulsating screen drama, "Stardust," which comes to the T. D. & L. theatre Sunday for an engagement of two days only.

Charming and talented Hope Hampton is the star of "Stardust" and an admirable cast surrounds her in this absorbing First National attraction. James Rennie is her leading man.

With a wonderful story interpreted by a brilliant array of talent, the finished production, one that will long be remembered by all who see it.

In addition to "Stardust" the T. D. & L. will show "What's the Limit," a cartoon creating laughs. Kinograms of weekly events of interest, "Free and Easy," a comedy of riotous fun.

T. D. & L. Vaudeville Filled With Comedy

Oscar Briggs, late of King-Smith players in "The Lobby Lizard" is one of the featured acts on the vaudeville program offered by the T. D. & L. theatre today. Diverting is Harry Grihnen, the film comedian, whose monologue and songs bring out much hearty laughter. The entire bill is practically all of a comedy nature except the "musical Hawaiian" act, and is one of exceptionally good character.

The feature picture, "Miss Lulu Bett" is a Wm. DeMille production and features Theodore Roberts, Conrad Nagle and Lois Wilson. It is an unusual picture offering both comedy and pathos in plenty, which is bound around an absorbing and interesting story. The entire show is good and worth seeing.

MAN HANGED FROM TREE

JACKSON, Miss., Feb. 4.—William Thrasher, negro, was lynched east of Crystal Springs. He was hanged from a tree. A note tacked to the tree announced that the negro had been identified as the man who attempted to attack a school teacher of Fairplay.

Let's Go To the Little SWITZERLAND OF SOUTHERN CALIF. SUNDAY

And see for ourselves the most desirable, fastest growing residence section, close-in to Los Angeles, in the heart of Beautiful Eagle Rock

YOU'LL BE ENCHANTED—AS HAVE HUNDREDS OF OTHERS WITH

No Phone Toll: Car Fare

Dahlia Heights

—Nowhere is it possible to find such a variety of lots, from an exclusive homesite of 75x1900 feet in the foothills, to a standard residence lot of 50x150. Some spacious Orange Grove lots, some level business frontage, all free from fog and frost.

—These prices include all street work, sidewalks, water, gas, etc. Your home is protected by proper restrictions! Eagle Rock has the large double cars; (5 cent fare by book); free phone service; only 7 miles from Los Angeles post office. Before you buy, go to the end of Eagle Rock car line and see Dahlia Heights—you can't miss it. Then see us for terms—also builders' discount. Every lot an absolute bargain! Seeing is believing—all we ask is that you inspect this property—adjoining America's greatest Dahlia Farm.

STATE OFFICERS OF W. C. T. U. GUESTS AT LOCAL MEET

**Workers Tell Accomplishments
in Different Climes; Fine
Program Is Presented**

The members of Glendale W. C. T. U., which held a large and most enthusiastic meeting at the home of Mrs. John Robert White, 347 North Orange street, yesterday afternoon, were greatly honored in having the state president, Mrs. Eva C. Wheeler, the state recording secretary, Mrs. Hattie C. Young, and the county president, Mrs. Marie M. Yeoman, present and speakers of the afternoon.

The president, Mrs. Ruby J. Smart, who has been confined to her home on account of illness for the past two months, was present and presided at the meeting, which was opened in the usual manner with songs and devotionals. The scripture lesson was read by Mrs. Smart and the state president, Mrs. Wheeler, offered an inspiring prayer. At the conclusion of the service Mrs. A. M. Draper sang very beautifully the gospel hymn, "His Eye is on a Sparrow."

Mrs. Smart presented to the members the matter of placing signs in the windows of their homes, which came as a request from the national organization. These cards express a sentiment appealing to patriotism and members have been urged to assist in placing them in their homes and business places of the community.

Program Is Varied
Mrs. C. A. Brandstater, local superintendent of scientific temperance instruction, had charge of the program, which was a combination of scientific temperance and an address by the state president, Mrs. Wheeler.

Mrs. C. E. Swartsfager rendered a violin solo, accompanied at the piano by Mrs. A. Belle Johnson. Mrs. Hattie C. Young was the first speaker, who, in her forceful and eloquent manner, spoke on "Scientific Temperance Instruction," and told how this is now being carried on by the school teachers. She stated that 85 per cent of those arrested for "bootlegging" were foreigners and not American citizens and that the only way to change the sentiment of the children of these foreigners, who are born in this country and will be entitled to the vote, was by the teaching of scientific temperance in the public schools.

Talk of Island Visit

Mrs. Wheeler, state president, delivered a lecture on "Lands Under the Southern Cross," in which she told how she had been chosen by the national W. C. T. U. to go to Australia, New Zealand and the South Sea Islands to give them the truths of prohibition, and told of the vast amount of drunkenness that she found there, both among the women as well as men. In her plea for the islands Mrs. Wheeler stated that the best help that could be given to them was for the people here to keep and enforce their own prohibition laws. In conclusion Mrs. Wheeler stated, "if we could mobilize every Christian woman the liquor interests would lay down their arms."

By request Mrs. A. M. Draper sang the Scotch song, "My Bannock," and vocal numbers were also given by Mrs. Retta K. Nelson, accompanied at the piano by Mrs. Johnson and at the violin by Mrs. Swartsfager.

Mrs. Wheeler stated that a number of invitations had been received from various places to hold the state convention, but as Glendale had been given the first chance the members of the local union voted to invite the convention to meet here in May. This was followed by a social hour during which refreshments were served by the hostess.

JAPAN GIVES UP CLAIMS

WASHINGTON, D. C., Feb. 4.—Before the assembled powers of the Washington conference, Japan officially has renounced group V of the famous twenty-one demands, which never had been accepted by the Chinese republic, but which had kept hanging like a sword over China's head for six years.

These demands, which China described as the "most infamous of the lot" would have virtually made China a Japanese dependency, with Japan dictating the financial and administrative functions of the Chinese republic.

Vaudeville Program on Glendale Stage Varied and Clever

Five real acts of clever variety are to be seen at the Glendale theatre today, February 4. The Cortillos billing themselves as a "European novelty" includes a troupe of trained dogs and a goat. It is one of the most amusing numbers now on the vaudeville stage. The act on the eastern wheel of the Levey circuit has been a big favorite.

Rogers and Gallay offer "The Angel of Chinatown," which they present in a special set of scenery. The Lurgios have "Talks, Taps and Tunes." This is a distinctive offering delightfully presented.

Harry Hune is billed as "an eccentric comedian" and he is a sure-fire laugh provider of any bill on which he appears. The Cavano Duo have a comedy novelty "The Free Exhibition," with special scenery.

In "Lucky Carson," the film feature, you will see a story of fame and fortune, and the rise of a down-and-out, bordered with unusual twists and intense dramatic moments—a story of adventure, love and mystery. The action is laid for the most part in London and the United States which furnishes a wealth of scenic background. Followers of Earle Williams have never really seen this actor at his best unless they have seen "Lucky Carson."

SAFE ROBBERS GET \$7500

MINNEAPOLIS, Feb. 3.—Three robbers, after binding and gagging the night watchman of the Franklin Co-operative Creamery company, blew open the safe and escaped with \$7500 in cash.

Standard Graphite Company to Start New Industry Here

Prospects of another industry for Glendale! The Standard Graphite company, with rich mineral deposits in the Verdugo foothills near the end of the Glendale and Montrose line, plans to have an organization in the field next week to develop the proposition. It was learned this morning when C. F. Young, secretary and treasurer of the concern, called at the Chamber of Commerce.

Graphite is used in batteries, boilers, foundries, auto lubricants, greases, paints, pencils—in fact, about everything. A derby hat or a pair of shoes require a certain amount of graphite in the process of manufacture, it is said.

The Dixon company of New York, with mines at Ticonderoga, is one of the few concerns supplying the demand, yet it is stated that their mines show only \$7 to \$9 per cent average product, while the local property runs more than 95 per cent.

Some years ago David B. Gemmill, a mining engineer who is president of the Standard company, developed the property, which is one and one-half miles west from La Crescenta, off Honolulu avenue. He sold out to other interests who stopped work during the war.

A. C. Bowles, for ten years the general manager of the Dixon company's sales force, is now associated with Mr. Gemmill and holds the position of vice president. He states there is a large demand on the coast

which can be met much more reasonably by local products. It is the intention of the company to incorporate for \$150,000 or more and immediately spend \$15,000 in the construction of a mill.

F. A. Tarr Completing Apartment Structure

Work is being completed on the apartment house at 221 South Orange street, which is being constructed by F. A. Tarr of 246 North Jackson street. This building comprises four four-room apartments and includes all the most up-to-date features.

It is much easier to acquire a fault than it is to inspire a virtue.

SEEK FOR WIFE MURDERER

VANCOUVER, B. C., Feb. 4.—Every member of the Dominion, provincial and municipal police forces was turned loose in a man-hunt for Edward Clegg, who shot and instantly killed his wife, May Clegg, in their home in a Vancouver suburb. Clegg, using a revolver, also shot and probably fatally wounded his little son, Edward, 78, who fell in an effort to defend his niece from the maniacal fury of Clegg.

GERTRUDE ROSS IN RECITAL PLEASURES CLUB MEMBERS

Artist Gives Number of Her Own Composition; Surprise Program February 17

(Continued From Page 1)
junior auxiliary 102, juvenile auxiliary 80, making a total of 782, and on account of the limited space the concert to be given on the 17th will be limited to club members only.

Gertrude Ross and Annis Stocton Howell were then introduced and the following program given, with explanations as to the texts by the composer:

"Good Morning, Life," the text of which was a poem written by an English tramp; "Wynken, Blynken and Nod," written to the well-known poem of Eugene Field; "The Goblins," fantasy in negro dialect; "The Open Road," text written by Corinne B. Dodge of Los Angeles.

The second number on the program was a group of early Spanish-Californian folk-songs harmonized and arranged by Gertrude Ross, who stated that these songs were sung to a guitar by the Spanish people of California before the United States government took over this state in 1848, and that the words of some are purely Californian, others from Spain and northern Mexico: "Un Parlarita," little bird; "Yo No Se Si Me Quieres," I Do Not Know If You Love Me; "Carmela;" "Nadie Me Quieres," Old Maid's Song. This group proved to be most delightful and was thoroughly appreciated by the audience.

Three Piano Selections

The third number was a group of three piano selections by Gertrude Ross from her own compositions: "Spanish Serenade," "Valse from Ballet, Legende" and "Ride of the Cowboy," the latter proving to be most striking with its splendid abandon. The first number of the next group of songs "Delight of the Out-of-Doors," which was quite typical of the spirit of California, was publicly presented for the first time at last night's concert and received a rousing welcome, the other selections being two art songs of Japan founded on traditional themes and poems of that country, "Butterfly" and "Fire-flies."

The program was concluded with the following group: "At Twilight," "A Song of Spring," "Lullaby" and "Peace" (from War Trilogy). The Knabe piano used was through the courtesy of the Loomis-Shuck music company.

Local Quartette Will Be Heard at Concert

Glendale will have the privilege of hearing its own quartette in concert at the Glendale theatre Sunday night, in conjunction with Paul Carson's organ recital. Manager William A. Howe is not revealing who the Jewel City Four are, but they will be well worth hearing.

On the screen tomorrow you will see Constance Binney in "Room and Board," a delightful farce comedy, while Baby Peggy will add to the fun in "A Muddy Bride." News topics and chats complete the bill.

TO POSTPONE GENOA MEET

ROME, Feb. 4.—Members of the Italian government deem a slight postponement of the economic conference advisable, it was learned. It is said the postponement is necessary owing to the delay in the meeting of the French, British and Italian foreign ministers. Premier Poincare's Near East note to the British foreign office brought about the postponement of this council of foreign ministers. The Genoa conference was scheduled to open on March 5.

COMMENT THAT'S ALL

How About It, U. P.?
Able Officers Required
Regular Monthly Murder
Stay Away From Trouble

By Gil A. Cowan

ONCE again the reports are current that the Union Pacific railroad is going to use its Glendale line as an entrance into the rich and productive San Fernando valley.

While engineers must make the decision, it would be a grand and glorious thing for the communities of Montrose, La Crescenta, Tujunga, Sunland, Lemon Cove and San Fernando to have direct rail service into Los Angeles on an electrified line.

It is said that practically all of the high officials necessary have visited Glendale and vicinity to view the proposed extension—one of the first to be made since America entered the war.

Too many holdups, too many crimes. Not here alone, but everywhere. Leniency on the part of the law, especially the parole and indeterminate sentences, seem to have a multiplying effect on enforcement.

In the good old days the criminal usually was a useless rat that didn't deserve the life God gave him. Now he is more of a gentleman with nothing short of a college education and ability to mix in the best of society. It should be carefully noted that this class of crook requires the ablest officer obtainable to track him to his lair. The old-time policeman is passing, other than for patrol work.

Glendale—the fastest growing city in America.

Mexia—the worst little place in the world.

The first is a home town and the latter an oil town. Like the black gold from which it gets its wealth it takes the black sheep to flock there. Residents of Glendale can look with pity upon those Texas and Oklahoma communities which are gaining in the undesirable class of citizenship.

Trust to Los Angeles to provide its regular monthly murder thrill. February had no more than appeared when a famous film director, leading a dual life, came to a sudden end when a revolver spoke.

Certainly, truth is stranger than fiction and if anyone had suggested the mystery now being revealed, it is not unreasonable to believe the author would have been incarcerated in Patton.

Fun on Mt. Lowe will be supreme this week-end. Motorists, too, will hie where the snow glistens and sparkles in the sunshine.

Get out your winter wraps and enjoy the east once again without having to invest in a railroad. A short motor or interurban trip in the right direction will take you to the snow-line. Let's go!

But don't go the Ridge Route, however, for they are having a fine time getting out those motorists who already are stalled in the drifts of Tejon pass.

The curious people who got in the road of the rescuing crews almost cost the lives of several who were starving and cold.

Same way at the Knickerbocker theatre disaster. Thousands of spectators hampered the work of the police and troops. Wonder that they wouldn't read all about it in the newspapers and stay away from trouble!

HARDING IS SATISFIED

WASHINGTON, D. C., Feb. 4.—President Harding considers that "much material good" was accomplished by the recent agricultural conference, it was stated at the White House, after the cabinet had discussed the agricultural situation. Secretary Wallace made a complete report to the cabinet on the conference.

SUPERVISOR WRIGHT HAS INTEREST IN CITY PROBLEMS

Says County Warrant Drawn for Flood Control Work; Sewerage Situation

Supervisor Henry W. Wright, successor to Jonathan B. Dodge in the Fifth district, was visiting his constituency in Glendale yesterday and called at The Glendale Evening News office.

Mr. Wright is greatly interested in the problems confronting Glendale and stated that a warrant had recently been issued to pay for the flood control work which the city had requested done.

Through the fifth district there is considerable comment on the sewerage disposal situation and it is Mr. Wright's intention to make the county authorities conversant with the city's wishes in the matter.

Mr. Wright served in the state assembly and presided over its sessions.

Extra Life Is Given to Westinghouse by Increased Plate Area

Strength in a storage battery depends upon the positive plate area according to Ray Fallek of the Westinghouse Service Station, 233 South Brand boulevard.

"The greater the area, the greater the power and 'kick,'" remarked Mr. Fallek. "And, as the area is increased, the strain on each unit is reduced. Westinghouse batteries are built with two more plates per cell than ordinary types. In common sizes this increased plate area increases the battery's capacity 15 to 25 per cent and gives it that much longer life. By that amount the strain on each individual plate is lessened. For this reason, the Westinghouse is an extra strong battery."

Don't Be Afraid to Have Auto Washed, Says J. St. Claire

"Saturday night used to be the only night the family bath tub was ever used," remarked Jack St. Claire, proprietor of the Club Garage at 103 East Colorado avenue, yesterday.

"That's all been changed now. People seem to have found out that water comes out of the spigots just as well on Wednesday morning or Thursday night or any other time they are turned on."

"It does beat the dickens how motorists still cling to the idea that a car shouldn't be washed more than once or twice a year."

Winifred W. Bennett's Pupils Give Recital

An interesting program of piano numbers was given this afternoon by the pupils of Winifred Wagner Bennett at her studio at 1114 South Central avenue, and included the following selections: 1. "Hark, the Tiny Cowslip Bell" (Old English); "Boatman's Song of the Volga" (Russian); and "The Foggy Dew" (Irish), by Lee Blair and Mrs. Bennett. 2. "Minuet" (Provincial Melody) and "Moonlight Melody" (Rolf), by Spencer Van Wie. 3. "Pleasant Meeting" (Sartori), "Twilight" (Grant-Schaefer) and "Left Hand Polka" (Schmitt), by Gladys Higgs. 4. "Chanson Orientale" (Teller) and "Love's Message" (De Vaux), by Landon Haynes, Jr. 5. "In Old St. Augustine" (Grant-Schaefer) and "Belly Echoes" for left hand alone (Franklyn), by Margaret Yoder. 6. "Cradle Song" (Barili) and "In Dewy Gardens" for left hand alone (Franklyn) by Preston Blair. 7. Song "The House by the Roadside" (Bilbro), by Mrs. A. J. Van Wie, with Spencer Van Wie, accompanist. 8. "To a Lou w a" (Brunn), by Pearl Mentzer. 9. Duet "Viennese Waltz" (Schytte) by Pearl Mentzer and Mrs. Bennett. 10. "Album Leaf" (Grieg), "Nodding Ferns" (Helm) and "Songsters on the Bough" (Helm) by Ruth Goto. 11. "Dance of the Autumn Leaves" (Dutton) and "In Hanging Gardens" (Davies), by June Goto. 12. "Melody in F" (Rubinstein) and "A Japanese Sunset" (Deppen), by Thelma Grotle. 13. "The Gypsy" (Lynn) and "Springtime in the Forest" (Dennee), by Audrey Haynes. 14. Duet "By Moonlight" (de Koven), by Audrey Haynes and Mrs. Bennett.

Mrs. Mabel Rudy Is Bridge Club Hostess

Mrs. Mabel Rudy of 437 South Central avenue was hostess at luncheon and cards yesterday afternoon to the members and guests of the Foster Bridge club. The valentine motif was carried out in the decorations. First prize was awarded to Mrs. Helen Campbell and guest prize to Mrs. G. D. Roach. Those present included Mrs. Helen Campbell, Mrs. C. E. Norton, Mrs. A. H. Lapham, Mrs. Wm. H. Bailey, Jr., of Los Angeles, Mrs. V. M. Tressler, Mrs. G. D. Roach, Mrs. E. W. W. Hayward and Mrs. Mabel Rudy.

HOLD DRY ACT NOT VALID

TRENTON, N. J., Feb. 4.—The court of errors and appeals, highest court in New Jersey, today declared the Van Ness state prohibition enforcement act unconstitutional, reversing a previous ruling of the state supreme court. The vote of the court was 8 to 4.

"A MUDDY BRIDE"

Night at 7:30 Only

Twelfth Organ Recital and Concert

Mr. Wm. A. Howe Presents
MR. PAUL CARSON, ORGANIST
and
THE JEWEL CITY FOUR

Start Your Fortune Now

The largest fortunes in this country have been built up by investments in Real Estate. No better opportunity was ever offered than exists right now in Glendale, the fastest growing city in America?

Anybody can buy a lot at Fairview and be assured of doubling the investment within two years. Requires only \$50 to start and \$10 or \$15 a month.

LOTS AS LOW AS \$517.75

Fine level lots, on car line, magnificent view, where a great development is taking place, and property is doubling in value. Come out today. Drive out West Broadway to San Fernando Road to Vine Avenue (F. L. Meneley Factory), then one block to right to tract headquarters; or phone 2304W for auto to call.

SHALL WE KICK IT DOWN?
MEN THINK IT OVER

THE BIG QUESTION

Will our country which has made such wonderful progress under Christian leadership and religious education, kick down the ladder by which we have climbed up—or follow the teachings of

JESUS CHRIST, THE WORLD'S REDEEMER

These serious and important questions will be taken up at the

CITY HALL, SUNDAY, 9:30 A.M.

You are invited to be present and meet

THE MEN'S BIBLE CLASS

Good live music, singing, and a hearty welcome

"WIRELESS MESSAGES"

Next Sabbath evening Rev. W. E. Edmonds will begin a series of helpful sermons. Subject, "The Chambers of the King." The Sunday School Orchestra, Mr. Allen McDaniel, Director, will furnish special musical numbers.
